The Reckless Decade Jul 12 2021 "Beautifully written and wonderfully

absorbing, *The Reckless Decade* is the most accessible survey history of America's turbulent 1890s ever composed." -Douglas Brinkley Just as we do today, Americans of the 1890s faced changes in economics, politics, society, and technology that led to wrenching and sometimes violent tensions between rich and poor, capital and labor, white and black, East and West. In *The Reckless Decade*, H. W. Brands demonstrates how we can learn about the contradictions that lie at the heart of America today by looking at them through the lens of the 1890s.

Stalin - the Enduring Legacy Jun 18 2019 Stalin: The Enduring Legacy considers the 'Man of Steel' in a manner that will outrage dogmatists of both Left and Right. Stalinist Russia is reassessed as a state that transcended Marxism, and proceeded on a nationalist and imperial path rather than as the citadel of 'world revolution'. Stalin reversed many early Bolshevik policies re-instituting, for example, the traditional family. He abolished the Communist International, championed 'realism' in the arts and rejected post-1945 US plans for a 'new world order'. Despite so-called 'de-Stalinization' after his death, the Soviet bloc continued to oppose globalism, as does Putin's Russia. Stalin: The Enduring Legacy, examines the anti-Marxist character of Stalinism, the legitimacy of the Moscow Trials against the 'Old Bolsheviks', the origins of the Cold War, the development of Trotskyism as a tool of US foreign policy, the question of Stalin's murder, and the relevance of Russia to the future of world power politics. 'Dr. Bolton's book Stalin: The Enduring Legacy is a major contribution to the proper understanding of Russian, as well as American, politics and society in the twentieth century. It brushes aside the anti-Stalinist biases of the Trotskyist American chroniclers of this historical period to reveal the unquestionable integrity of Stalin as a nationalist leader. At the same time, it highlights the vital differences between the Russian national character rooted in the soil and history of Russia, and its opposite, the rootless Jewish cosmopolitanism that Trotskyist Marxism sought to impose on the Russians - as well as on the rest of the

world'. - Dr Alexander Jacob

Just like the other books in the series, each page contains clear annotated illustrations that will help the reader to assimilate the facts quickly and commit them to memory. The book covers force and energy, energy and its transfer (including waves, electrical and thermal energy), electromagnetism and radioactivity. It goes on to describe a wide range of the practical applications of physics and concludes with material on our place in the universe. To comply with the latest GCSE specifications, 'How Science Works' permeates all aspects of the book which also provides questions on all the topics covered, to reinforce skills and understanding.

Why The North Won The Civil War Feb 19 2022 **WHY THE SOUTH LOST** What led to the downfall of the Confederacy? The distinguished professors of history represented in this volume examine the following crucial factors in the South's defeat: **ECONOMIC—RICHARD N. CURRENT** of the University of Wisconsin attributes the victory of the North

to fundamental economic superiority so great that the civilian resources of the South were dissipated under the conditions of war. **MILITARY**—T. HARRY WILLIAMS of Louisiana State University cites the deficiencies of Confederate strategy and military leadership, evaluating the influence on both sides of Baron Jomini, a 19th-century strategist who stressed position warfare and a rapid tactical offensive. **DIPLOMATIC**—NORMAN A. GRAERNER of the University of Illinois holds that the basic reason England and France decided not to intervene on the side of the South was simply that to have done so would have violated the general principle of non-intervention to which they were committed. **SOCIAL**—DAVID DONALD of Columbia University offers the intriguing thesis that an excess of Southern democracy killed the Confederacy. From the ordinary man in the ranks to Jefferson Davis himself, too much emphasis was placed on individual freedom and not enough on military discipline. **POLITICAL**—DAVID M. POTTER of Stanford University suggests that the deficiencies of President Davis as a civil and military leader turned the balance, and that the South suffered from the lack of a second well-organized political party to force its leadership into competence.

The Divided Union Mar 08 2021 The Divided Union is a gripping account of the bloodshed and horror of the American Civil War, the birth of democracy and the beginning of modern day America. From the origins of unrest between North and South, to the specific events of the War and the eventual assassination of Abraham Lincoln, the programme focuses on the far-reaching implications for black civil rights. Together with lavish infantry and cavalry battle re-enactments, the DVD includes a fascinating collection of photographs from the Civil War and from the twentieth century.

Germany and the Next War (WWI Centenary Series) Oct 27 2022 "Our science, our literature, and the warlike achievements of our past, have made me proudly conscious of belonging to a great civilized nation which, in spite of all the weakness and mistakes of bygone days, must, and assuredly will, win a glorious future; and it is out of the fulness of my German heart that I have recorded my convictions. I believe that thus I shall most effectually rouse the national feeling in my readers' hearts, and strengthen the national purpose." This book is part of the World War One Centenary series; creating, collating and reprinting new and old works of poetry, fiction, autobiography and analysis. The series forms a commemorative tribute to mark the passing of one of the world's bloodiest wars, offering new perspectives on this tragic yet fascinating period of human history. Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context.
