Follow the Money

Jul 17 2021 Follow the Money exposes the labyrinth of connections between D.C.'s slimiest swamp creatures—Democrat operatives, lying informants, desperate and destructive FBI agents, Obama power brokers, CIA renegade John Brennan, George Soros, and more—who conspired to attack Trump by manufacturing one bogus scandal after another. Bestselling author, podcast favorite, and Fox News contributor Dan Bongino delivers the third and most shocking of his acclaimed series chronicling the Deep State war against Donald

Trump. Starting with the Trump impeachment hearings, Bongino works forward and backward to piece together the connections of a vast, well-funded cabal of wealthy Democrats and D.C. swamp elite to the non-stop deluge of manufactured scandals launched specifically to attack, destabilize, and ultimately remove Trump and his administration. Zooming in on Ukraine, Bongino unspools a complex sequence of corruption—from the miraculous “discovery” of a mysterious black ledger that linked financial transactions to Trump campaign insider Paul Manafort and cast a

shadow over the entire Trump team, to Joe Biden's unexamined quid pro quo interference with Kyiv politics as he threatened to withhold a loan unless a prosecutor was removed from office. The former Secret Service agent exposes how Glenn Simpson, the corrupt cheerleader behind the lie-filled Steele dossier, wrangled millions from top Democrat donor George Soros to meddle in Ukraine politics. Bongino also reveals Soros's desperate multimillion-dollar plan to stop Trump's re-election. Using FBI documents, Bongino reveals the outrageous actions of Robert Mueller's

urbanscapes.com.my on

investigators, who sat on evidence that proved the supposedly damning Trump Tower meeting between a Russian lawyer and senior campaign officials was nothing more than a twenty-minute waste of time for all involved. Other chapters delve into the disturbing presence of Obama's fixer, obstruction angel Kathryn "Kathy" Ruemmler, who represents a rogues gallery of Russiagate political operatives; the FBI's inside source on the National Security Council, Anthony Ferrante, who dedicated himself to the fruitless task of trying to prove the Steele dossier was

legitimate; and "Special Agent 1" Stephen M. Somma's curious obsession with Lt. Gen. Michael Flynn, which was stoked by a Flynn-fixated paid operative named Stefan Halper. Flynn is the centerpiece of one of the book's most revealing chapters, in which Bongino deconstructs the FBI's elaborate takedown of Trump's National Security Advisor, revealing how and why the three-star general was set up not once...but three times. Bongino also returns to the last, desperate attempt to derail Trump—the impeachment trial—and uncovers Adam Schiff's lies and the Ukraine-call whistleblower's

multiple secret ties to never-Trumpers and Schiff himself. In the final chapter, Bongino unveils the newest front to stop Trump: the unleashing of COVID-19 from China and how the disease mutated from a killer plague in Wuhan to a weapon to destroy America's economy and, with it, Trump's re-election chances. Follow the Money displays dizzying detective work from a truly relentless, passionate, and patriotic reporter. An astonishing chronicle of the relentless war to destroy Donald Trump and his administration, this exposé is a must-read for anyone who wants to unravel the

shocking and corrupt campaign to unseat a sitting president in American history. *The Plague Cycle* Nov 28 2019 A vivid, sweeping, and “fact-filled” (Booklist, starred review) history of mankind’s battles with infectious disease that “contextualizes the COVID-19 pandemic” (Publishers Weekly)—for readers of the #1 New York Times bestsellers Yuval Harari’s *Sapiens* and John Barry’s *The Great Influenza*. For four thousand years, the size and vitality of cities, economies, and empires were heavily determined by infection. Striking humanity in waves, the cycle

of plagues set the tempo of civilizational growth and decline, since common response to the threat was exclusion—quarantining the sick or keeping them out. But the unprecedented hygiene and medical revolutions of the past two centuries have allowed humanity to free itself from the hold of epidemic cycles—resulting in an urbanized, globalized, and unimaginably wealthy world. However, our development has lately become precarious. Climate and population fluctuations and factors such as global trade have left us more

vulnerable than ever to newly emerging plagues. Greater global cooperation toward sustainable health is urgently required—such as the international efforts to manufacture and distribute a COVID-19 vaccine—with millions of lives and trillions of dollars at stake. “A timely, lucid look at the role of pandemics in history” (Kirkus Reviews), *The Plague Cycle* reveals the relationship between civilization, globalization, prosperity, and infectious disease over the past five millennia. It harnesses history, economics, and public health

charts humanity's remarkable progress, providing a fascinating and astute look at the cyclical nature of infectious disease.

Whining Doesn't Win Dec 22 2021

Democrats are pulling out all their stops to defeat President Trump and Republicans, and now they're getting desperate. First came the screaming—"We have to do something!" Then came the whining—"This is a national disgrace!" It's too politically useful for them to not rail at whatever they can, from the Kavanaugh nomination to the Trump-Russia collusion conspiracy. For provocative radio host Ben Shapiro,

the "voice of conservative millennials," these tactics have made a circus out of American politics, and Trump is not the star performer. Read all about the acts under the big top in this collection of his 2018 syndicated columns.

Improving Social

Intervention Nov 08 2020 This book, first published in 1983, considers the whole problem of how social research can lead to improvement in practice in social policy and social work. In the first section, individual chapters discuss the political context within which research is commissioned and used, through consideration of the

politics of comparative research and of the application of research findings to policy-making in the personal social services. The problems of putting policy into practice and using research in a systematic and predictable way for improving situation is also examined.

This title will be of interest to students of the Sociology, Education and Social Policy.

Evil in America Jan 23 2022

The Smallest

Minority Mar 13

2021 "The most profane, hilarious, and insightful book I've read in quite a while." — BEN SHAPIRO "Kevin Williamson's gonzo merger of polemic, autobiography, and batsh*t craziness. urbanscapes.com.my on December 2, 2022 Read Pdf Free

totally brilliant." — JOHN PODHORETZ, Commentary "Ideological minorities - including the smallest minority, the individual - can get trampled by the unity stampede (as my friend Kevin Williamson masterfully elucidates in his new book, *The Smallest Minority*)." — JONAH GOLDBERG "The Smallest Minority is the perfect antidote to our heedless age of populist politics. It is a book unafraid to tell the people that they're awful." — NATIONAL REVIEW "Williamson is blistering and irreverent, stepping without doubt on more than a few toes—but, then

again, that's kind of the point." — THE NEW CRITERION "Stylish, unrestrained, and straight from the mind of a pissed-off genius." — THE WASHINGTON FREE BEACON Kevin Williamson is "shocking and brutal" (RUTH MARCUS, Washington Post), "a total jack**s" (WILL SALETAN, Slate), and "totally reprehensible" (PAUL KRUGMAN, New York Times). Reader beware: Kevin D. Williamson—the lively, literary firebrand from National Review who was too hot for The Atlantic to handle—comes to bury democracy, not to praise it. With electrifying honesty and spirit,

Williamson takes a flamethrower to mob politics, the "beast with many heads" that haunts social media and what currently passes for real life. It's destroying our capacity for individualism and dragging us down "the Road to Smurfdom, the place where the deracinated demos of the Twitter age finds itself feeling small and blue." *The Smallest Minority* is by no means a memoir, though Williamson does reflect on that "tawdry little episode" with *The Atlantic* in which he became all-too-intimately acquainted with mob outrage and the forces of tribalism. Rather, this book is **Access Free** urbanscapes.com.my on **December 2, 2022 Read Pdf Free**

dizzying tour through a world you'll be horrified to recognize as your own. With biting appraisals of social media ("an economy of Willy Lomans," political hustlers ("that certain kind of man or woman...who will kiss the collective ass of the mob"), journalists ("a contemptible union of neediness and arrogance") and identity politics ("identity is more accessible than policy, which requires effort"), *The Smallest Minority* is a defiant, funny, and terrifyingly insightful book about what we human beings have done to ourselves. *Brainwashed* Sep 30 2022 *Brainwashed* is the

explosive exposé of the leftist agenda at work in today's colleges, revealed by firebrand Ben Shapiro, a recent UCLA graduate, syndicated columnist, and one of today's most exciting new conservative voices, who's been on the front lines of the battle for America's young minds. This book proves once and for all that so-called higher education continues to sink lower and lower into the depths of liberal madness as close-minded professors turn their students into socialists, atheists, race-baiters, and sex-crazed narcissists. "Ben Shapiro's writing is smart, informative, and incisive. He is wise

beyond his years without losing the refreshing fearlessness of youth." ?Ann Coulter, best-selling author of *High Crimes and Misdemeanors*, *Slander*, and *Treason* "In *Brainwashed*, Shapiro tells the truth?that universities are forums of left-liberal indoctrination, where dissent is discouraged and penalized, with more restrictions on free speech rather any other part of American society. Parents who are paying for tutition might want to take note, and see what their hard-earned money is paying for." ?Michael Barone, U.S. News & World Report
urbanscapes.com.my on December 2, 2022 Read Pdf Free

report and co-author of The Almanac of American Politics "Welcome to P.C. 101. In this trenchant insider's expose, Ben Shapiro bears witness to the modern American campus freak show. You'll get up close and personal with the Marxist loons, moral relativists, multicultural zealots, and American-haters who are corrupting young minds. Brainwashed reveals the ignominious lows to which higher education has sunk. Get deprogrammed. Buy this book!" ?Michelle Malkin, nationally syndicated columnist and author of Invasion "Sharp thinking, tight writing, crazy-

but-true stories: Ben Shapiro sees campus brainwashing and raises a national protest. This is a good book to give both freshmen who need warning and voters/alumni who need to take action." ?Dr. Marvin Olasky, University of Texas professor and editor-in-chief of World magazine "A worthy successor to God and Man at Yale and Harvard Hates America in exploring the bely of the academic beast." ?David Horowitz, founder of Students for Academic Freedom and author of Radical Son and Left Illusions "What Animal House did for the toga party, Brainwashed should do for American

resistance to campus radicalism." ?Rusty Humphries, nationally syndicated radio talk show host **Negotiating the Nonnegotiable** Sep 26 2019 "One of the most important books of our modern era" -Amb. Jaime de Bourbon For anyone struggling with conflict, this book can transform you. Negotiating the Nonnegotiable takes you on a journey into the heart and soul of conflict, providing unique insight into the emotional undercurrents that too often sweep us out to sea. With vivid stories of his closed-door sessions with warring political groups, disputing businesspeople, and

urbanscapes.com.my on December 2, 2022 Read Pdf Free

families in crisis, Daniel Shapiro presents a universally applicable method to successfully navigate conflict. A deep, provocative book to reflect on and wrestle with, this book can change your life. Be warned: This book is not a quick fix. Real change takes work. You will learn how to master five emotional dynamics that can sabotage conflict outside your awareness: 1. Vertigo: How can you avoid getting emotionally consumed in conflict? 2. Repetition compulsion: How can you stop repeating the same conflicts again and again? 3. Taboos: How can you discuss sensitive

issues at the heart of the conflict? 4. Assault on the sacred: What should you do if your values feel threatened? 5. Identity politics: What can you do if others use politics against you? In our era of discontent, this is just the book we need to resolve conflict in our own lives and in the world around us. **Church of Cowards** Aug 25 2019 What Would You Surrender for God? Christians in the Middle East, in much of Asia, and in Africa are still being martyred for the faith, but how many American Christians are willing to lay down their smartphones, let alone their lives, for the faith? Being a Christian in

America doesn't require much these days. Suburban megachurches are more like entertainment venues than places to worship God. The lives that American "Christians" lead aren't much different from those of their atheist neighbors, and their knowledge of theology isn't much better either. Matt Walsh of The Daily Wire exposes the pitiful state of Christianity in America today, lays out the stakes for us, our families, and our eternal salvation, and invites us to a faith that's a lot less easy and comfortable—but that's more real and actually worth something. The spiritual junkies of the

urbanscapes.com.my on December 2, 2022 Read Pdf Free

we're stuffing ourselves with is never going to satisfy. As St. Augustine said over a millennium ago, our hearts are restless until they rest in Him. Only God Himself can make our lives anything but ultimately meaningless and empty. And we will never get anywhere near Him if we refuse to take up our cross and follow Jesus. This rousing call to the real adventure of a living faith is a wake-up call to complacent Christians and a rallying cry for anyone dissatisfied with a lukewarm faith.

America 2030 May 15 2021

Conservatism Apr 01 2020 The idea

that American conservatism is identical to "classical" liberalism—widely held since the 1960s—is seriously mistaken. The award-winning political theorist Yoram Hazony argues that the best hope for Western democracy is a return to the empiricist, religious, and nationalist traditions of America and Britain—the conservative traditions that brought greatness to the English-speaking nations and became the model for national freedom for the entire world. Conservatism: A Rediscovery explains how Anglo-American

conservatism became a distinctive alternative to divine-right monarchy, Puritan theocracy, and liberal revolution. After tracing the tradition from the Wars of the Roses to Burke and across the Atlantic to the American Federalists and Lincoln, Hazony describes the rise and fall of Enlightenment liberalism after World War II and the present-day debates between neoconservatives and national conservatives over how to respond to liberalism and the woke left. Going where no political thinker has gone in decades, Hazony provides a fresh theoretical **Access Free** urbanscapes.com.my on December 2, 2022 Read Pdf Free

foundation for conservatism. Rejecting the liberalism of Hayek, Strauss, and the "fusionists" of the 1960s, and drawing on decades of personal experience in the conservative movement, he argues that a revival of authentic Anglo-American conservatism is possible in the twenty-first century.

True Allegiance

Nov 01 2022 New York Times bestselling author Ben Shapiro's new novel asks how close are we to our country's collapse—and will we be able to stop it once it begins? America is coming apart. An illegal immigration crisis has broken out along America's

Southern border—there are race riots in Detroit—a fiery female rancher-turned-militia leader has vowed revenge on the president for his arrogant policies—and the world's most notorious terrorist is planning a massive attack that could destroy the United States as we know it. Meanwhile the President is too consumed by legacy-seeking to see our country's deep peril. Brett Hawthorne is the youngest general in the United States Army—and he's stuck, alone, behind enemy lines in Afghanistan. He's the last lost soldier of a failed war, fighting to stay alive and make it

back home—but will he be able to stop the collapse of America in time? [An Introduction to Sociology](#) Apr 13 2021 Thoroughly revised and fully updated, An Introduction to Sociology gives concise yet comprehensive coverage of all the topics specified by the GCSE examining boards. The second edition was described by the AQA's Chief Examiner for GCSE Sociology as establishing 'the standard for textbooks at this level' - this new edition builds on the book's existing achievements. New material is found throughout the book, including substantive new sections on [Access Free](#)

identity, citizenship, education, new social movements, poverty and the welfare state, religion, the mass media, work and leisure, and population. The book has been carefully designed to support and extend students' learning. Each chapter begins with a summary of the key issues to be covered, and goes on to highlight important terms, which are then explained in a clear glossary. Summaries at the end of each chapter, a lively range of new activities and discussion points, the use of websites, as well as helpful suggestions for coursework, all add

to the book's value as a learning and teaching resource. Student-friendly cartoons, tables, diagrams, and photographs - and the re-designed internal lay-out - also enliven the text, making sociology seem exciting and relevant to students of all interests and abilities. The new edition of this highly successful textbook will prove invaluable to anyone taking an introductory sociology course, especially at GCSE and related levels. Students taking AS and A-level - as well as Access, nursing, and health and social care courses - will also find the book provides an easy and fun introduction to

studying sociology.

The End of

Gender Oct 08

2020 International sex researcher, neuroscientist, and columnist Debra Soh debunks popular gender myths in this scientific examination of the many facets of gender identity that "is not only eminently reasonable and beautifully-written, it is brave and vital" (Ben Shapiro, #1 New York Times bestselling author).

Is our gender something we're born with, or are we conditioned by society? In *The End of Gender*, neuroscientist and sexologist Dr. Debra Soh uses a research-based approach to address the

Academy Free

button topic, unmasking popular misconceptions about the nature vs. nurture debate and exploring what it means to be a woman or a man in today's society. Both scientific and objective, and drawing on original research and carefully conducted interviews, Soh tackles a wide range of issues, such as gender-neutral parenting, gender dysphoric children, and the neuroscience of being transgender. She debates today's accepted notion that gender is a social construct and a spectrum, and challenges the idea that there is no difference between how male and female brains operate. The End of

Gender is conversation-starting "required reading" (Eric R. Weinstein, PhD, host of The Portal) that will arm you with the facts you need to come to your own conclusions about gender identity and its place in the world today.

[Welcome to Hell World](#) Dec 30 2019 When Luke O'Neil isn't angry, he's asleep. When he's awake, he gives vent to some of the most heartfelt, political and anger-fueled prose to power its way to the public sphere since Hunter S. Thompson smashed a typewriter's keys. Welcome to Hell World is an unexpurgated selection of Luke O'Neil's finest

rants, near-poetic rhapsodies, and investigatory journalism. Racism, sexism, immigration, unemployment, Marcus Aurelius, opioid addiction, Iraq: all are processed through the O'Neil grinder. He details failings in his own life and in those he observes around him: and the result is a book that is at once intensely confessional and an energetic, unforgettable condemnation of American mores. Welcome to Hell World is, in the author's words, a "fever dream nightmare of reporting and personal essays from one of the lowest periods in our country."

recent memory.” It is also a burning example of some of the best writing you’re likely to read anywhere.

How to Destroy America in Three Easy Steps Nov 20 2021 A NEW YORK TIMES

BESTSELLER! A growing number of Americans want to tear down what it’s taken us 250 years to build—and they’ll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can’t agree on what makes America special. We can’t even agree that America is special. We’re coming to the point that we can’t even agree what the word America itself means.

“Disintegrationists” say we’re stronger together, but their assault on America’s history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn’s *A People’s History of the United States* to the New York Times’ 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt experiment from the very beginning. They see American philosophy as a lie – beautiful words pasted over a thoroughly rotted system. They see America’s culture of rights as a façade that merely reinforces

traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional “unionist” understanding that all Americans are united in a shared striving toward the perfection of

universal ideals. How to Destroy America in Three Easy Steps shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself—to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don't recover these shared truths, our future—our union—as a great country is threatened with destruction.

The Moral

Foundations of

Politics May 03

2020 When do governments merit our allegiance, and when should they be denied it? Ian Shapiro explores this most enduring of political dilemmas in this

innovative and engaging book. Building on his highly popular Yale courses, Professor Shapiro evaluates the main contending accounts of the sources of political legitimacy. Starting with theorists of the Enlightenment, he examines the arguments put forward by utilitarians, Marxists, and theorists of the social contract. Next he turns to the anti-Enlightenment tradition that stretches from Edmund Burke to contemporary post-modernists. In the last part of the book Shapiro examines partisans and critics of democracy from Plato's time until our own. He concludes with an

assessment of democracy's strengths and limitations as the font of political legitimacy. The book offers a lucid and accessible introduction to urgent ongoing conversations about the sources of political allegiance.

The Truth and

Beauty Jun 03

Gospels in their original languages, and he vowed to set aside any preconceptions about what the Scriptures say. But it wasn't until he began exploring how some of history's greatest writers wrestled with the same issues we confront today--political upheaval, rejection of social norms, growing disbelief in God--that he found a new way of understanding what Jesus meant. In *The Truth and Beauty*, Klavan combines a decades-long writing career with a lifetime of reading to discover a fresh understanding of the Gospels. By reading the words of Jesus through the life and work of writers such as

William Wordsworth and John Keats, Mary Shelley and Samuel Taylor Coleridge--the English romantics--Klavan discovered a way to encounter Jesus in a deeper and more profound way than ever before. For readers seeking to find renewed meaning in the words of Jesus--and for those who are striving for belief in a materialistic world--*The Truth and Beauty* offers an intimate account of one man's struggle to understand the Gospels in all their strangeness, and so find his way to a life that is, as he says, "the most creative, the most joyful, and surely the most true."

Getting Past Your Past

Aug 06 2020 A totally accessible user's guide from the creator of a scientifically proven form of psychotherapy that has successfully treated millions of people worldwide. Whether we've experienced small setbacks or major traumas, we are all influenced by memories and experiences we may not remember or don't fully understand. Getting Past Your Past offers practical procedures that demystify the human condition and empower readers looking to achieve real change. Shapiro, the creator of EMDR (Eye Movement

Desensitization and Reprocessing), explains how our personalities develop and why we become trapped into feeling, believing and acting in ways that don't serve us. Through detailed examples and exercises readers will learn to understand themselves, and why the people in their lives act the way they do. Most importantly, readers will also learn techniques to improve their relationships, break through emotional barriers, overcome limitations and excel in ways taught to Olympic athletes, successful executives and performers. An easy conversational style, humor and fascinating real life

stories make it simple to understand the brain science, why we get stuck in various ways and what to do about it. Don't let yourself be run by unconscious and automatic reactions. Read the reviews below from award winners, researchers, academics and best selling authors to learn how to take control of your life.

The Politics of Regulatory Reform Sep 18 2021 Regulation has become a front-page topic recently, often referenced by politicians in conjunction with the current state of the U.S. economy. Yet despite regulation's increased presence in current politics and media, [This Free Pdf Free](https://www.urbanscapes.com.my)

Politics of Regulatory Reform argues that the regulatory process and its influence on the economy is misunderstood by the general public as well as by many politicians. In this book, two experienced regulation scholars confront questions relevant to both academic scholars and those with a general interest in ascertaining the effects and importance of regulation. How does regulation impact the economy? What roles do politicians play in making regulatory decisions? Why do politicians enact laws that require regulations and then try to hamper agencies abilities to

issue those same regulations? The authors answer these questions and untangle the misperceptions behind regulation by using an area of regulatory policy that has been underutilized until now. Rather than focusing on the federal government, Shapiro and Borie-Holtz have gathered a unique dataset on the regulatory process and output in the United States. They use state-specific data from twenty-eight states, as well as a series of case studies on regulatory reform, to question widespread impressions and ideas about the regulatory process. The result is an

incisive and comprehensive study of the relationship between politics and regulation that also encompasses the effects of regulation and the reasons why regulatory reforms are enacted.

Stand Down Jan 11 2021 "James is a terrific reporter, and this account of the effort to shape our military to reflect left-wing social values rather than the priorities of readiness and capability is vital."

—BEN SHAPIRO, bestselling author of *The Right Side of History* and host of *The Ben Shapiro Show* "Stand Down is a must-read for anyone who wants to understand how progressives have forced radical

over the explicit objections of military leaders. He presents evidence—drawn from government documents and exclusive interviews with more than forty sources, including high-ranking officers and Pentagon insiders—that progressive activists in the Obama Administration used the U.S. Military as their preferred vehicle to advance the progressive agenda. The stories paint a troubling picture of what happens when leftwing political operatives impose a political agenda on our nation's military: they render our forces less effective, place our military men

and women in greater danger, and compromise the military's sole objective: to protect America by winning the nation's wars. "Military readiness" is a term politicians and pundits often use in the abstract to describe our military's ability to defeat its adversaries. But it ultimately describes how well we have prepared and equipped a young soldier or sailor to prevail over an enemy determined to do them harm. Hasson makes a compelling case that our nation has a moral obligation to ensure that the sons and daughters it sends to war have the best possible chance of victory—which means we must

embrace only the policies that help us win wars and reject those that don't. Political agendas of any kind invite corruption, jeopardize lives, and undermine the mission. They have no place in military policy—a principle that the Obama administration either disdained or failed to understand.

And We All Fall Down Aug 18 2021
Over the last few years, culture has swum upstream of politics; social liberalism has deteriorated the American future; and the meaning of the conservative movement has been put up for grabs. Provocative radio host Ben Shapiro is the "principled gladiator" who's militantly defending conservative ideas amid this chaos. With over 10 million podcast downloads a month and an audience that is 70 percent under the age of 40, Shapiro has been

dubbed the voice of conservative millennials. Picking apart liberal arguments and offering sharp, nuanced takes on current events is what he does best. In this column collection, you will be both enlightened and entertained as Shapiro takes you on a journey through the losses conservatives—and America—have endured.

Reasons to Vote for Democrats Jul 25 2019
The most exhaustively researched and coherently argued Democrat Party apologia to date, *Reasons to Vote for Democrats: A Comprehensive Guide* is a political treatise sure to stand the test of time. A must-have

The People Vs. Barack Obama

Jul 29 2022 The best-selling author of Brainwashed presents a critical assessment of the Obama administration, alleging broad-scale power abuses and corruption involving rights violations, espionage, economic micromanagement and more.

Project President

Oct 20 2021 Project President is a hilarious romp through American electoral history. From short, fat, bald John Adams'

wig-throwing tantrums during the 1800 election to Abraham Lincoln's decision to grow a beard in 1860; from John F. Kennedy's choice to forgo the fedora at his inauguration to John Kerry's decision to get Botoxed for the 2004 race; from the Golden Age of Facial Hair (1860-1912) to the Age of the Banker (1912-1960); from Washington's false teeth to George W. Bush's workout regimen, Project President tells the story of America's love affair with presidential looks and appearance, why that often matters more than a politico's positions on the issues, and what might well be

coming next. "I'm constantly citing the power of dress. It's semiology: our clothes send a message about how we want to be perceived, and where is this more powerful and evident than in elected offices. In Project President, Ben Shapiro captures presidential semiotics with a potent narrative and deft analysis. It's simultaneously fascinating and hilarious!" -Tim Gunn Project Runway, Liz Claiborne, Inc. "Ben Shapiro takes a romp through American history and shows how personality--and even haircuts--have elected or defeated presidential candidates. Access Free

tour through history that fans of both parties will enjoy-and can learn from." -Michael Barone Resident scholar, American Enterprise Institute Senior Writer, U.S. News & World Report Co-author, The Almanac of American Politics "Presidential politics has always been more superficial than we'd like to admit. With a stylish and likeable touch befitting a strong candidate, Ben Shapiro takes us deep into the shallowness that has shaped American history." - Jonathan Alter Newsweek "Shapiro deftly explains how height, hair and handsomeness can affect a candidate's campaign as much

as issues. A fun, informative read." - Glenn Beck Nationally syndicated talk show host Host of CNN's The Glenn Beck Show "A hilarious and illuminating journey through America's centuries-long fascination with presidential image-making. Whether you're left, right, moderate or apathetic, this lively book will get you ready for the packaging of the '08 races." -Jim Hightower "This is a perceptive, witty-sometimes hilarious-look at the realities behind the faces and the facades, the slogans and the character assassinations, of each presidential campaign from George Washington

to today - with much for us to ponder for tomorrow." -Sir Martin Gilbert Official biographer of Winston Churchill "An entertaining and illuminating romp through the politics of symbolism and personality in our presidential politics. If you're thinking of running for president, read this book before you spend a dime on a political consultant." -Rich Lowry National Review COLMES: Who do you want [for the Supreme Court]? Harvard Law, 21 years old. COLMES: You mean for a date or for the court? ANN COULTER: No, for the court. He's my candidate. He's very bright. He's already written one best-selling book. (CROSSTALK) COLMES: You want to put a 21-year-old guy on the court? ANN COULTER: Twenty-one, and he's just finished first year of Harvard Law. COLMES: So you want someone who's going to be on the court for 50, 60 years? Is that - is that the whole idea? ANN COULTER: No, I just happen to like Ben Shapiro. Hannity and Colmes Fox News Channel July 8, 2005 Give Them an

Argument Mar 01 2020 Many serious leftists have learned to distrust talk of logic and logical fallacies, associated with right-wing "logicbros". This is a serious mistake. Unlike the neoliberal technocrats, who can point to social problems and tell people "trust us", the serious Left must learn how to argue and persuade. In Give Them an Argument, Ben Burgis arms his reader with the essential knowledge of formal logic and informal fallacies. **The Right Side of History** Apr 25 2022 A #1 NEW YORK TIMES BESTSELLER! Human beings have never had it better than we have it now

in the West. So why are we on the verge of throwing it all away? In 2016, New York Times bestselling author Ben Shapiro spoke at the University of California-Berkeley. Hundreds of police officers were required to protect his speech. What was so frightening about Shapiro? He came to argue that Western civilization is in the midst of a crisis of purpose and ideas; that we have let grievances replace our sense of community and political expediency limit our individual rights; that we are teaching our kids that their emotions matter more than rational debate; and that the only meaning in life is arbitrary and subjective. **Access Free**

society, we are forgetting that almost everything great that has ever happened in history happened because of people who believed in both Judeo-Christian values and in the Greek-born power of reason. In *The Right Side of History*, Shapiro sprints through more than 3,500 years, dozens of philosophers, and the thicket of modern politics to show how our freedoms are built upon the twin notions that every human being is made in God's image and that human beings were created with reason capable of exploring God's world. We can thank these values for the birth of

science, the dream of progress, human rights, prosperity, peace, and artistic beauty. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Yet we are in the process of abandoning Judeo-Christian values and Greek natural law, watching our civilization collapse into age-old tribalism, individualistic hedonism, and moral subjectivism. We believe we can satisfy ourselves with intersectionality, scientific materialism, progressive politics, authoritarian

governance, or nationalistic solidarity. We can't. *The West is special*, and in *The Right Side of History*, Ben Shapiro bravely explains how we have lost sight of the moral purpose that drives each of us to be better, the sacred duty to work together for the greater good,.

Atomic Bomb Cinema Jul 05

2020 Unfathomably merciless and powerful, the atomic bomb has left its indelible mark on film. In *Atomic Bomb Cinema*, Jerome F. Shapiro unearths the unspoken legacy of the bombing of Nagasaki and Hiroshima and its complex aftermath in American and Japanese cinema.

According to Shapiro, a "Bomb film" is never simply an exercise in ideology or paranoia. He examines hundreds of films like Godzilla, Dr. Strangelove, and The Terminator as a body of work held together by ancient narrative and symbolic traditions that extol survival under devastating conditions. Drawing extensively on both English-language and Japanese-language sources, Shapiro argues that such films not only grapple with our nuclear anxieties, but also offer signs of hope that humanity is capable of repairing a damaged and divided world.

Life as We Made It Oct 27 2019 A Times Best Book of 2021 From the very first dog to glowing fish and designer pigs - the human history of remaking nature. Virus-free mosquitoes, resurrected dinosaurs, designer humans - such is the power of the science of tomorrow. But this idea that we have only recently begun to manipulate the natural world is false. We've been meddling with nature since the last ice age. It's just that we're getting better at it - a lot better. Drawing on decades of research, Beth Shapiro reveals the surprisingly long history of human intervention in evolution through

hunting, domesticating, polluting, hybridizing, conserving and genetically modifying life on Earth. Looking ahead to the future, she casts aside the scaremongering myths on the dangers of interference, and outlines the true risks and incredible opportunities that new biotechnologies will offer us in the years ahead. Not only do they present us with the chance to improve our own lives, but they increase the likelihood that we will continue to live in a rich and biologically diverse world.

dismantling of perhaps the most dangerous ideology at work today." — BEN SHAPIRO, bestselling author and host of "The Ben Shapiro Show" "Reading Noah Rothman is like a workout for your brain." — DANA PERINO, bestselling author and former press secretary to President George W. Bush There are just two problems with "social justice": it's not social and it's not just. Rather, it is a toxic ideology that encourages division, anger, and vengeance. In this penetrating work, Commentary editor and MSNBC contributor Noah Rothman uncovers the real motives behind the social

justice movement and explains why, despite its occasionally ludicrous public face, it is a threat to be taken seriously. American political parties were once defined by their ideals. That idealism, however, is now imperiled by an obsession with the demographic categories of race, sex, ethnicity, and sexual orientation, which supposedly constitute a person's "identity." As interest groups defined by identity alone command the comprehensive allegiance of their members, ordinary politics gives way to "Identitarian" warfare, each group looking for payback and convinced that if it is to rise, another

group must fall. In a society governed by "social justice," the most coveted status is victimhood, which people will go to absurd lengths to attain. But the real victims in such a regime are blind justice—the standard of impartiality that we once took for granted—and free speech. These hallmarks of American liberty, already gravely compromised in universities, corporations, and the media, are under attack in our legal and political systems.

1985, three teenagers have been drinking. One of them gets behind the wheel of a car, and, in an instant, everything changes. "A haunting, moving, and propulsive exploration of family secrets." —Meg Wolitzer

ONE OF MOST EAGERLY ANTICIPATED BOOKS OF THE YEAR: L.A. Times, TIME, LitHub, BookPage, Library Journal, The Millions

Signal Fires opens on a summer night in 1985. Three teenagers have been drinking. One of them gets behind the wheel of a car, and, in an instant, everything on Division Street changes. Each of their lives, and that

of Ben Wilf, a young doctor who arrives on the scene, is shattered. For the Wilf family, the circumstances of that fatal accident will become the deepest kind of secret, one so dangerous it can never be spoken. On Division Street, time has moved on. When the Shenkman arrive—a young couple expecting a baby boy—it is as if the accident never happened. But when Waldo, the Shenkman's brilliant, lonely son who marvels at the beauty of the world and has a native ability to find connections in everything, befriends Dr. Wilf, now retired and struggling with his wife's decline, past

events come hurtling back in ways no one could ever have foreseen. In Dani Shapiro's first work of fiction in fifteen years, she returns to the form that launched her career, with a riveting, deeply felt novel that examines the ties that bind families together—and the secrets that can break them apart. Signal Fires is a work of haunting beauty by a masterly storyteller.

among us brave enough to walk steadily toward the frontier of political discourse, regardless of the army we choose to fight for, will have heard of the legend that is Benjamin Aaron Shapiro. His voice of reason cuts through the constant bombardment of deception, lies and irrationality that each side of the political isle hails down upon the other. He stands through the night, whilst the feeble among us have their holes in their arguments tended to by medics, as a beacon of hope in our joint pursuit of facts and logic. These are his greatest quotes of his career thus far. Perhaps you may

come across something you may find useful in your own debates and discussions.

Perhaps you may just place this book down inspired; in a state of awe.

Whatever it may be you are looking for in life, there is something inside the pages for everyone.

Primetime Propaganda Mar 25 2022 "Vitaly important, devastatingly thorough, and shockingly revealing.... After reading *Primetime Propaganda*, you'll never watch TV the same way again."

—Mark Levin Movie critic Michael Medved calls Ben Shapiro, "One of our most refreshing and insightful voices on the

popular culture, as well as a conscience for his much-maligned generation." With *Primetime Propaganda*, the syndicated columnist and bestselling author of *Brainwashed*, *Porn Generation*, and *Project President* tells the shocking true story of how the most powerful medium of mass communication in human history became a vehicle for spreading the radical agenda of the left side of the political spectrum. Similar to what Bernard Goldberg's *Bias* and *A Slobbering Love Affair* did for the liberal news machine, Shapiro's *Primetime Propaganda* is a free

essential exposé of corrupting media bias, pulling back the curtain on widespread and unrepentant abuses of the Hollywood entertainment industry.

Catastrophic

Thinking Jun 27

2022 2019 was the year of the “wokesolds” and the “woke inquisitors”—the new

representatives of moral panic in America. Fresh faces in Congress, a wave of ever-radical Democratic presidential candidates, and the left’s media minions went full throttle in their crusade to fundamentally change our society. Their “activism” was merely complaints without solutions, and

manufactured narratives, all of which reared their ugly head in landmark events like the impeachment of President Donald Trump. Read all about this systemic political pandering, and the prognosis for our culture, in this collection of syndicated columns from bestselling author Ben Shapiro.
