[The Template](#) Feb 17 2022 Former President Joshua Johnson is found dead face down in the water off the boat dock of his lakeshore home. The case looks simple enough – probably a heart attack. Special Agent Derrick Bone is called in to investigate, but he's suspicious. Just a month before, the former president's annual physical reported he was in perfect health. Prior to his death, Johnson had generated a number of enemies. Over the preceding eighteen months, he led the charge for major changes in global environmental policy, going so far as to suggest a Template for worldwide sustainability. This roused the anger of those opposed to environmental reforms. Meanwhile, the world is overwhelmed by a rising tide of natural disasters. Droughts, plagues, and tsunamis rock modern civilization. But what do these tragedies have to do with the death of a former president? Written as a parable, The Template portrays the possible future of our planet, framed within a murder investigation and explores alternatives to the crises that come with climate change.

[Allie Aller's Stained Glass Quilts Reimagined](#) Dec 15 2021 The author of Crazy Quilting shares new techniques for capturing the style of stained glass in cozy quilts, bedcovers, wallhangings, and more. Quilt designer Allie Aller spent years developing her own techniques for mimicking the look of stained glass.

Surprisingly simple and endlessly inspiring, her methods produce stunningly beautiful results. In Allie Aller's Stained Glass Quilts, she shares her secrets—from design sources and strategies to step-by-step instruction in various "glass and leading" techniques. Allie also includes six stained glass style quilt projects to get you started.

[Super-cute Felt](#) Feb 05 2021 With 35 simple yet striking projects, Super-cute Felt is a must-have book for anyone with an appreciation of adorable, hand-crafted objects. Start with the 'Accessories' chapter, packed with pretty brooches, necklaces and scarves to keep you warm and snug - try the cute kitty purse that is sure to delight any little girl. 'Gifts' is next, with plenty of inspirational ideas, such as the fruity pincushion that any keen crafter will use again and again. In 'Homewares', you will find coasters, tea cosies and hot water bottle covers, all with a touch of vintage glamour. Finally, 'Celebrations' has unique decorating ideas for all the holidays, including Christmas, Halloween and Easter. There are projects for all skill levels, so you don't have to be an old hand in order to create something really special. Every design comes complete with clear step-by-step instructions and illustrations to guide you through each step. And at the back is a helpful techniques section explaining all the stitches and skills required, plus tips and tricks to make your creations really stand out. Laura 'Lupin' Howard is completely obsessed with felt and set up her online store Lupin Handmade in 2007 (lupinhandmade.com), selling a range of adorable felt brooches, flower headbands, animal masks and other fun stuff. All her felt-works are 100% hand-stitched, and all the pieces are cut by hand from her own original patterns. She uses no mechanized cutters, sewing machines or glue - everything is literally handmade. Her work has been featured in a number of magazines, including Cloth, Metro, Vogue and Sew Hip.

Nano-society Jul 30 2020 Each of the chapters is based on a particular scientific paper that has been published in a peer-reviewed journal and, while each story revolves around one or two scientists who were interviewed for this book, many, if not most, of the scientific accomplishments covered in the book are the result of collaborative efforts by several scientists and research groups, often from different organizations and from different countries. The book is different to other books in this field because it provides a novel human touch to nanotechnology research by not only covering a wide range of research topics but also the (often nameless) scientists behind this research. The book is a collection of Spotlight articles from the popular Nanowerk website and each article has been crafted with the author(s) of a scientific paper and signed off by them prior to being posted on Nanowerk.

Santa Fe Light Mar 26 2020 ART CAPITAL, TOURIST DESTINATION, MODERN ADOBE CITY-SANTA FE, NEW MEXICO, NOW MAY ALSO BE ONE OF AMERICA'S MOST IMPORTANT SACRED SITES. Santa Fe, the City Different, has deeply excited visitors for over a hundred years with its crystal blue skies, Blood of Christ mountains, pure dry air, old adobe charm, and beautiful light. But this high-desert State capital and artists' haven may also be a Land of Light—a premier landscape of multiple sacred sites and heightened spiritual charge. People love this place, they say, for its uplifting, spiritually leavening effect, for how it starts a process of transformation, healing, deep change, and self-reinvention. People revere this place as an axis of creativity, a hotbed of innovation, and a paramount center for recreating culture and spirituality capable of inspiring the world. Santa Fe Light explains why. An able travel guide, it takes you to 111 different locations and their Light temples in and around Santa Fe, numinous places usually only encountered in myths or dreams. And it proposes that the observed social qualities of Santa Fe, its livability, might be due to this fabulous visionary geography alluringly just beyond the veil of our ordinary perception. Richard Leviton, an investigator of visionary terrains for over 25 years, provides firsthand accounts of what it's like inside all these Light temples, what it's possible to see and experience, and how they co-create Santa Fe reality. The total impact of these on awareness and the feeling for life here he calls Santa Fe Light. Touch one Light temple and you open a door into the universe, and you suddenly find immediately practical ways to help the campaign with Gaia to restore the Earth.

Windows CE Clear & Simple Sep 12 2021 Windows CE Clear & Simple teaches readers how to use, customize and optimize the new generation of palm-size and handheld PCs based on Microsoft's Windows CE operating system. Written by a topical expert who runs a very popular Windows CE Web site, this will be the first book to cover in detail Windows CE palm-size devices and the just-launched handheld PC Pro devices. Consistent with the "Clear & Simple" series, this book features a very visual and engaging style. Windows CE is the version of Microsoft's Windows operating system designed specifically for small portable computing devices (the non-Microsoft "Palm Pilot" is the most recent successful manifestation of these). Windows CE 2.0, the last major release, shipped in late 1997 but has been upgraded significantly since then. Originally only designed for larger "Handheld PCs" (H/PCs), a new version of Windows CE in 1998 optimized the system for powerful H/PCs and enabled the system to run on smaller "Palm-Sized PCs" (P/PCs). The H/PC market has begun to grow rapidly, and Windows CE's share of the hot P/PC market is quickly increasing. Covers the new Windows CE Handheld Professional Edition Discusses in detail the new Windows CE palm-size PCs Teaches customization techniques and workarounds

The Lady And The Peacock Dec 23 2019 Peter Popham's major new biography of Aung San Suu Kyi draws upon previously untapped testimony and fresh revelations to tell the story of a woman whose bravery and determination have captivated people around the globe. Celebrated today as one of the world's greatest exponents of non-violent political defiance since Mahatma Gandhi, she was awarded the Nobel Peace Prize only four years after her first experience of politics. In April 1988, Suu Kyi returned from Britain to Burma to nurse her sick mother but, within six months, found herself the unchallenged leader of the largest popular revolt in the history of Burma. When the party she co-founded won a landslide victory in Burma's first free elections for thirty years, she was already under house arrest and barred from taking office by the military junta. Since then, 'The Lady' has set about transforming her country ethically as well as politically, displaying dazzling courage in the process. Under house arrest for 15 of the previous 20 years, she has come close to being killed by her political enemies and her commitment to peaceful revolution has come at extreme personal cost. In November 2010, after fraudulent elections in which she played no part, Suu Kyi was again freed. She was greeted by ecstatic crowds but only time will tell what role this remarkable woman will have in the future of her country.

Designs include: · Clutches and wristlets · Hobo and Shoulder Bags · Satchels · Messenger and Flap Bags · Tote Bags With detailed step-by-step instructions and primers on duct tape "fabric," different types of closures from magnet snaps to jeans buttons, and bag accessories like bows and luggage tags, Morgan catapults this trend from the streets into the stratosphere. A mix of pop art and urban style photos of each project and a cool vibe throughout will make you want to immediately roll up your sleeves and begin making duct tape bags.

Glitter Bomb Jan 24 2020 An exploding Mardi Gras float has got to be the strangest murder weapon scrappy sleuth Carmela Bertrand has ever encountered in this latest Scrapbooking Mystery from the New York Times bestselling author. It's Mardi Gras in New Orleans and scrapbook shop owner Carmela Bertrand is excited to be attending the Pluvius Parade along with her best friend Ava. Carmela's ex-husband Shamus rides by the duo on his float at the head of the parade, when suddenly the revelry turns to disaster. Shamus' float crashes and explodes, and although Shamus escapes unhurt, a member of his krewe is killed. Carmela and Ava plunge into an investigation of the krewe-member's death, but as they dig deeper it starts to look less like an accident and more like a murder....and Shamus seems less like a victim, and more like a suspect.

The Novel Oct 21 2019 The 700-year history of the novel in English defies straightforward telling. Encompassing a range of genres, it is geographically and culturally boundless and influenced by great novelists working in other languages. Michael Schmidt, choosing as his travel companions not critics or theorists but

other novelists, does full justice to its complexity.

MediaWiki Skins Design Nov 02 2020 This book takes you step by step through customizing your MediaWiki skin. It is full of practical examples of MediaWiki skinning techniques, and clear explanations of how MediaWiki skinning works. The early chapters go through each element of a MediaWiki design, showing the CSS and PHP tags necessary to customize MediaWiki's appearance. Later chapters look at ways to further enhance your design using extra graphics, JavaScript, AJAX, dynamic CSS, and more. This book is aimed at web designers or wiki administrators who want to customize the look of MediaWiki with custom skins. The reader will already have a MediaWiki installation that they are targeting with their skin. It might be their own installation, or they might be a designer developing a custom look for a client. The book does not cover setting up or using MediaWiki, except features specifically related to skinning. The book assumes that you are familiar with CSS and HTML, but no prior knowledge of PHP is required.

Discover Your Soul Template Jan 16 2022 How to create the life you want in alignment with your soul's purpose • Reveal your soul aptitudes, limiting behaviors, and past-life karmic issues • Discover 14 easy-to-use spiritual tools to strengthen your intuition to profound levels and develop an inner source of guidance and wisdom for any situation • Learn why the Law of Attraction doesn't work for most people and how to make it work for you Like an enlightened spiritual teacher, you, too, can tap in to the infinite wisdom of the cosmos to create a life of deep meaning and purpose. The key is integrated intelligence--your innate capacity, often experienced as "intuition," to instantly draw upon knowledge beyond the confines of the five senses, from past, present, and future. Integrated intelligence enables not only a connection to the wisdom of the universe but also access to your soul template, revealing your self-limiting behaviors, karmic issues from past lives, and soul aptitudes--the abilities at which you excel. With knowledge of your soul template, you can successfully create the life you were meant to live in alignment with your soul's purpose. Providing 14 easy-to-use spiritual tools to activate your integrated intelligence, Marcus Anthony shows you how to tap in to the wisdom of your soul template, distinguish the voice of ego from the voice of your inner sage, and strengthen your intuition to profound levels, thereby developing a trusted inner source of guidance. Explaining how the mind is not a shallow pond but an ocean of competing voices and energies, he reveals why the Law of Attraction doesn't work for most people: any vision you attempt to manifest must be aligned with your soul template or the competing voices will act against it. Revealing how to bring the mind into presence to get "the secret" to work for you, Anthony shows how to use integrated intelligence to identify and live your true calling and create the life you want while fulfilling the deeper needs of your spirit.

Environmental, Chemical and Medical Sensors Apr 07 2021 This book covers the fundamentals of sensor technologies as well as the recent research for the development of environmental, chemical and medical sensor technologies. Chapters include current research on microflow cytometry, microfluidic devices, colorimetric sensors, and the development of low-cost optical densitometric sensors and paper based analytical devices for environmental and biomedical applications. Special focus has been given to nanotechnology and nanostructures- their fabrication, uses and utility in different fields of research such as for the design of tools for medical diagnostics, therapeutics, as well as for detection and estimation of pollutant levels in water and air quality monitoring. This book is intended as a resource for researchers working in the field of sensor development across the world.

As Kingfishers Catch Fire Oct 01 2020 'Delightful . . . an original look at the literature inspired by Britain's birdlife' the Guardian, Best Nature Books of 2017 '[The] pages light up with feathered magic' Evening Standard When Alex Preston was 15, he stopped being a birdwatcher. Adolescence and the scorn of his peers made him put away his binoculars, leave behind the nature reserves and the quiet companionship of his fellow birders. His love of birds didn't disappear though. Rather, it went underground, and he began birdwatching in the books that he read, creating his own personal anthology of nature writing that brought the birds of his childhood back to brilliant life. Looking for moments 'when heart and bird are one', Preston weaves the very best writing about birds into a personal narrative that is as much about the joy of reading and writing as it is about the thrill of wildlife. Beautifully illustrated and illuminated by the celebrated graphic artist Neil Gower, As Kingfishers Catch Fire is a book to love and to hold, to return to again and again, to marvel at the way that authors across the centuries have captured the endless grace and variety of birds. It will make you look at birds, at the world, in a newer, richer light. 'A joyful and a wondrous book . . . Each bird illustrated by Gower in a mixture of gouache and watercolour that brings to mind both William Morris and Eric Ravilious' the Observer 'I can see it under the Christmas tree of every family with a bird feeder and a copy of the RSPB Handbook . . . Preston captures his birds beautifully' The Times
