The Daily Laws Mar 25 2022 A NEW YORK TIMES BESTSELLER From the world's foremost expert on power and strategy comes a daily devotional designed to help you seize your destiny. Robert Greene, the #1 New York Times bestselling author, has been the consigliere to millions for more than two decades. Now, with entries that are drawn from his five books, plus never-before-published works, The Daily Laws offers a page of refined and concise wisdom for each day of the year, in an easy-to-digest lesson that will only take a few minutes to absorb. Each day features a Daily Law as well—a prescription that readers cannot afford to ignore in the battle of life. Each month centers around a major theme: power, seduction, persuasion, strategy, human nature, toxic people, self-control, mastery, psychology, leadership, adversity, or creativity. Who doesn't want to be more powerful? More in control? The best at what they do? The secret: Read this book every day. "Daily study," Leo Tolstoy wrote in 1884, is "necessary for all people." More than just an introduction for new fans, this book is a Rosetta stone for internalizing the many lessons that fill Greene's books and will reward a lifetime of reading and rereading.

The Thurber Carnival Mar 01 2020 The hilarious writing of James Thurber, author of 'The Secret Life of Walter Mitty', collected in this classic anthology. This collection brings together the best of James Thurber's brilliantly funny, eccentric and anarchic writings. It includes his most famous work, The Secret Life of Walter Mitty, in which an ordinary man's fantasies have a more powerful hold on him than reality, as well as essays, poetry and cartoons gathered from all of Thurber's collections. Making fun of his own weaknesses and those of other people (and dogs) - the English teacher who looked only at figures of speech, the Airedale who refused to include him in the family, the botany lecturer who despaired of him totally - James Thurber is a true original, whose off-beat imagination shows us everyday life from a different angle. James Thurber was born in 1894 at Columbus, Ohio, where, as he once said, so many awful things happened to him. After university (Ohio State) he worked at the American Embassy in Paris from 1918 to 1920, and then turned to journalism. From 1927 onwards he was on the staff of the New Yorker, and first published much of his work in it. He died in New York in 1961, and is today recognised as one of America's greatest twentieth-century humourists. 'One of the absolutely essential books of our time' Saturday Review of Literature 'One of the great humorists' Sunday Times

Beginning Oracle Application Express 4 Jan 23 2022 Beginning Oracle Application Express 4 introduces one of the most talked-about development platforms to come out of Oracle Corporation in years. Oracle Application Express, called APEX for short, enables rapid and easy development of web-based applications that make full use of Oracle Database. The release of APEX 4 brings a huge leap forward in terms of functionality and usability for both the developer and the end user. Power users and programmers alike can quickly put together robust and scalable applications for use by one person, by a department, by an entire company. Whether you're new to Oracle or an old hand who's yet to test the waters of APEX, Beginning Oracle Application Express 4 introduces the processes and best practices you'll need to become proficient with APEX. The book shows off the programming environment, the utilities and tools available, and then continues by walking through the process of building a working system from the ground up. While the book assumes a foundational knowledge of SQL and PL/SQL, all code used is documented and explained so that those new to the languages will not be lost. Covers brand-new functionality in APEX 4 Provides fully documented and explained example code Guides you through creating a working and fully deployable application

Free from School May 03 2020 It's not every day that a 16 year old writes a book. In fact, girls and boys of that age are supposed to spend their time studying what other people write. It is pre-sumed that at that age they do not themselves have anything significant or interesting to say. And the education system guarantees just that. The best rewards go to those who can parrot set answers to set questions in examination halls. Those who try to use their imagination or reply differently are often punished with low grades.

A Bigger Picture Jan 29 2020 In A Bigger Picture, the bestselling political memoir of 2020, Malcolm Turnbull, Australia's 29th prime minister, tells the remarkable story of his life. Now in paperback, this edition is updated with an all-new foreword by the author that sheds light on the huge political and cultural changes happening today. When Malcolm Turnbull took over the nation's top job there was a sense of excitement in Australia. Sky-high opinion polls followed as the political outsider with a successful business, legal and media career took charge. The infighting that had dogged politics for the best part of a decade looked to be over. But a right-wing insurgency brutally cut down Turnbull's time in office after three years, leaving many Australians asking, 'Why?' Exceptionally candid and compelling, A Bigger Picture is the definitive narrative of Malcolm Turnbull's prime ministership. He describes how he legalised same-sex marriage, established Snowy Hydro 2.0, stood up to Donald Trump, and many more achievements – remarkable in their pace and significance, and delivered in the teeth of so much opposition. But it's far more than just politics. Turnbull's life has been filled with colourful characters and controversies, success and failure. From his early years in Sydney, growing up with a single father, to defending 'Spycatcher' Peter Wright against the UK government; the years representing Kerry Packer, leading the Republican Movement and making millions in business; and finally toppling Tony Abbott to become prime minister of Australia. For the first time he tells it all – in his own words. With revelatory insights on the workings of Canberra and the contentious events of Turnbull's life, A Bigger Picture explores the strengths and vulnerabilities of one of Australia's best-known and most dynamic business and political leaders. Lyrically written in highly readable and entertaining prose, this is a genuine page-turner that's not just for political junkies.

"Yellow Kid" Weil Nov 08 2020 Bilked bankers, grifted gamblers, and swindled spinsters: welcome to the world of confidence men. You'll marvel at the elaborate schemes developed by The Yellow Kid and cry for the marks who lost it all to his ingenuity—$8,000,000 by some estimations. Fixed horse races, bad real-estate deals, even a money-making machine—all were tools of the trade for the Kid and his associates: the Swede, the Butterine Kid, the Harmony Kid, Fats Levine, and others. The Sting (1973), starring Paul Newman and based largely on the story of the Yellow Kid, is entertaining, but is no match for the real deal.

Windows 8 Hacks Feb 09 2021 Windows 8 is quite different than previous Microsoft operating systems, but it's still eminently hackable. Observations on the Mussulmauns of India - Descriptive of Their Manners, Customs, Habits and Religious Opinions (1917) Dec 30 2019 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The 48 Laws Of Power Sep 30 2022 THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.
