*Badge of Honor: Texas Heroes Collection One (Books 1-4)* Nov 02 2020 Justice for Mackenzie Daxton Chambers, a member of the oldest and most distinguished law enforcement agency in the state of Texas, never understood why people killed. But this new case, where someone was kidnapping and burying women alive, is a whole new level of depravity. As a Texas Ranger, it's his job to keep San Antonio safe, but the killer always seems to be one step ahead of him. Meeting Mackenzie, and finding out just how perfect she is for him, wasn't part of Dax's plan...but he'll be damned if he's going to walk away from the most interesting and fun woman he's met in a long time. Unfortunately, anyone Dax cares about is suddenly in danger. It'll take every ounce of knowledge he's gained from years in law enforcement to keep Mack alive. Justice for Mickie For Cruz Livingston, becoming an FBI agent is a lifelong dream, guarding the streets of San Antonio a calling. His latest assignment—infiltrating the Red Brothers Motorcycle Club—will help stem the flow of illegal drugs brought into the city by the violent gang. He expects the job to be dangerous. He doesn't expect to meet the woman of his dreams while undercover. Mickie Kaiser is refreshingly sweet, but her sister is intimately involved with the RBMC's president. Cruz can't afford to come clean about his double life without putting his operation in danger, but as violence creeps ever closer to Mickie, his priority becomes crystal clear. Cruz will do anything to keep Mickie alive...even if it means losing her love. Justice for Corrie Blind since birth, Corrie Madison relies on her other sharpened senses in her job as a chiropractor. Never did she imagine she'd have to depend on them to identify a killer. But when a man enters her practice, murdering everyone in his path, Corrie is the only witness—putting her directly in the killer's crosshairs. Officer Quint Axton wasn't looking for love, or even a relationship, until he meets Corrie. She's everything he wants—if he can keep her alive long enough to explore their mutual attraction. The threats on Corrie's life are escalating. Surely a blind person is helpless against a ruthless killer? Hardly. Corrie is about to prove that disabled does not equal defenseless. Justice for Laine Reluctantly taking her best friend's place at a photo shoot, realtor Laine Parker expects to assist the photographer for the day...not drool over the volunteer model, Westin King. The Texas Ranger and real-life cowboy is hot-on-hot sexy, from the tips of his boots to the top of his Stetson. Despite her visceral reaction to the man, the last thing Laine expects is a whirlwind romance—but that's exactly what she gets. Wes has been around the block enough to know what he wants, and he wants Laine. He wastes no time showing her how he feels...but he may never get the chance to tell her. Laine has disappeared, and it will take every connection Wes has—and a little help from a mangy stray—to get her back in his arms. \*\* --- Read what others are saying about New York Times bestselling author, Susan Stoker: "Riveting action and characters you'll love!" **The context of natural forest management and FSC certification in Brazil** Apr 07 2021 Management decisions on appropriate practices and policies regarding tropical forests often need to be made in spite of innumerable uncertainties and complexities. Among the uncertainties are the lack of formalization of lessons learned regarding the impacts of previous programs and projects. Beyond the challenges of generating the proper information on these impacts, there are other difficulties that relate with how to socialize the information and knowledge gained so that change is transformational and enduring. The main complexities lie in understanding the interactions of social-ecological systems at different scales and how they varied through time in response to policy and other processes. This volume is part of a broad research effort to develop an independent evaluation of certification impacts with stakeholder input, which focuses on FSC certification of natural tropical forests. More specifically, the evaluation program aims at building the evidence base of the empirical biophysical, social, economic, and policy effects that FSC certification of natural forest has had in Brazil as well as in other tropical countries. The contents of this volume highlight the opportunities and constraints that those responsible for managing natural forests for timber production have experienced in their efforts to improve their practices in Brazil. As such, the goal of the studies in this volume is to serve as the foundation to design an impact evaluation framework of the impacts of FSC certification of natural forests in a participatory manner with interested parties, from institutions and organizations, to communities and individuals.

**Marital Agreements** May 20 2022 "... describes and analyzes three types of agreements: premarital agreements, postmarital agreements, and domestic partnership agreements. A premarital agreement is a contract between prospective spouses, including same-sex couples, made in contemplation of marriage. A postmarital agreement is a contract executed by parties to an ongoing marriage and not incident to a divorce or marital separation. A domestic partnership agreement, sometimes known as a cohabitation agreement, is a contract executed by a couple whose domestic arrangements may not be state-sanctioned. However, the term also includes such an agreement executed incident to a civil union or registered domestic partnership. Generally, all of these agreements are used to define the property and support rights of the parties upon termination of the marriage or other relationship by death or dissolution. Some parties also opt to include financial obligations during the marriage or other relationship. This Portfolio does not cover separation agreements that settle property rights, spousal and child support obligations, and child custody matters incident to a separation or divorce"—Portfolio description.

Do-Overs and Detours Aug 11 2021 Detours are amazing creatures. A detour can shortcut your existence or it can lead you down a forever long road that will linger far into the distant reaches of eternity. It is these unexpected tangents that people stumble across nearly every day that will haunt you in a frighteningly familiar fashion. Wander into a laundromat and find a kind of a time machine. Indulge yourself in a particularly nasty game of baseball. Hitch a ride on a freight train with the piggyback man or entomb yourself in a trailer walled with books or take a ride on a bus that is going nowhere fast or just lean over an empty ocean and wait for the very first mermaid you see. Detour around an overturned trailer of chickens and find a chance to do it all over again. Take a taxi ride with a very hungry passenger or just walk in the park and watch a juggler balancing severed heads. Reality will take you only so far and after that there is nothing to rely on but faith and fear. I offer you eighteen eerie tales of fantasy, horror, science fiction and all around strangeness that will take you to the edge of the map and then nudge you just a little bit further. "If Harlan Ellison, Richard Matheson and Robert Bloch had a three-way sex romp in a hot tub, and then a team of scientists came in and filtered out the water and mixed the leftover DNA into a test tube, the resulting genetic experiment would most likely grow up into Steve Vernon." – Bookgasm
