Dante's Lyric Redemption Jun 16 2019 Dante's Lyric Redemption offers a re-examination of two strongly interrelated aspects of the poet's work: the role and value he ascribes to earthly love and his relationship to the Romance lyric tradition of his time. It argues that an account of Dante's poetic journey that posits a stark division between earthly and divine love, and between the secular lyric poet and the Christian auctor, does little justice to his highly distinctive and often polemical handling of these categories. The book firstly contextualizes, traces, and accounts for Dante's

intriguing commitment to love poetry, from the 'minor works' to the *Commedia*. It highlights his attempts, especially in his masterpiece, to overcome normative oppositions in formulating a uniquely redemptive vernacular poetics, one oriented towards the eternal while rooted in his affective, and indeed erotic, past. It then examines how this matter is at stake in Dante's treatment of three important lyric predecessors: Guittone d'Arezzo, Arnaut Daniel, and Folco of Marseilles. Through a detailed reading of Dante's engagement with these poets, the book illuminates his careful departure from a dualistic model of love and conversion and shows his erotic commitment to be at the heart of his claims to pre-eminence as a vernacular author.

Erotic Love in Sociology, Philosophy and Literature

May 08 2021 Why is 'love' taken for granted as a part of human experience? And why is sexual or romantic love in particular so important to us? This book aims to find out, tracing the intellectual history of sexual love, from the ancient Greeks to the modern day.

Erotic Love in Sociology, Philosophy and Literature shows how discourses of love have intersected with social and cultural trends, as well as with personal events and experiences. Beginning with the queering of love in Greek antiquity, it looks at how sexual love has been sung about, fictionalized and theorized as a cornerstone of the formation of Western culture. From the courtly love of twelfth-century troubadours and the rise of affective individualism in the eighteenth century, to the way the novel helped catalyze and crystallize

the hopes and contradictions of love and marriage, these are decisive episodes in the history of romantic love. Lastly, the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years, especially given the post-romantic pragmatism of commercialized dating practices. Arguing against the over-rationalism of intimate life, *Erotic Love in Sociology, Philosophy and Literature* recognizes the need to liberate love from patriarchal, racist and homophobic prejudices, and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love.

Sexuality in the Middle Ages and Early Modern Times May 28 2020 Sexuality is one of the most influential factors in human life. The responses to and reflections upon the manifestations of sexuality provide fascinating insights into fundamental aspects of medieval and early-modern culture. This interdisciplinary volume with articles written by social historians, literary historians, musicologists, art historians, and historians of religion and mental-ity demonstrates how fruitful collaborative efforts can be in the exploration of essential features of human society. Practically every aspect of culture both in the Middle Ages and the early modern age was influenced and determined by sexuality, which hardly ever surfaces simply characterized by prurient interests. The treatment of sexuality in literature, chronicles, music, art, legal documents, and in scientific texts illuminates central concerns, anxieties, tensions, needs, fears, and problems in human society throughout times.

A Pirate's Love Jan 04 2021 *A Pirate's Love* Sailing westward toward the Caribbean sun,

My Dear Maura Jul 18 2019 This hilarious novel is a worthy sequel to the author's highly acclaimed *Goodbye to Elsa*. Tristan, an Anglo-Indian professor, meets divorcee Maura Hawkins at a nudist meeting and instantly falls in love with her. He has just been released from a mental asylum to which obviously (he tells us) he had been admitted unfairly. What follows is a crazy romp through a small Canadian town, involving its local university. Its battling academics, its feminists and young mothers, and not least Maura's year-old daughter, Clare. Tristan sees in Clare a hope for the future, and decides to 'rescue' her from her mother and this God forsaken country and take her to India with him. He plans a kidnapping one that is totally absurd and completely believable.

REVIEWS "In a way it is a crazy book — not a novel at all, but just a book, a damn good one too". — Henry Miller "Funny, full of bite." — The Times (London)

The Power of a Woman's Voice in Medieval and Early Modern Literatures Dec 15 2021 The

study takes the received view among scholars that women in the Middle Ages were faced with sustained misogyny and that their voices were seldom heard in public and subjects it to a critical analysis. The ten chapters deal with various aspects of the question, and the voices of a variety of authors - both female and male - are heard. The study opens with an enquiry into violence against women, including in texts by male writers (Hartmann von Aue, Gottfried von Straßburg, Wolfram von Eschenbach) which indeed describe instances of violence, but adopt an extremely critical stance towards them. It then proceeds to show how women were able to develop an independent identity in various genres and could present themselves as authorities in the public eye. Mystic texts by Hildegard of Bingen, Marie de France and Margery Kempe, the medieval conduct poem known as *Die Winsbeckin*, the *Devout Books of Sisters* composed in convents in South-West Germany, but also quasi-historical documents such as the memoirs of Helene Kottaner or Anna Weckerin's cookery book, demonstrate that far more women were in the public gaze than had hitherto been assumed and that they possessed the self-confidence to establish their positions with their intellectual and their literary achievements.

Gender Futurity, Intersectional Autoethnography Jul 22 2022 *Gender Futurity, Intersectional Autoethnography* showcases a collection of narrative and autoethnographic research that unpacks the complexity of gender at its intersections, i.e. by ability, race, sexuality, religion, beauty, geography, spatiality, community, performance, politics, socio-economic status, education, and many other markers of difference. The book focuses on gender as it is lived, chaperoned, and chaperones other social identity categories. It tells stories that reveal problematic gender binaries, promising gender futures, and everything in between—they ask us to rethink what we assume to be true, real, and normal about gender identity and expression. Each essay, written by both gender variant and cisgender scholars, explores cultural phenomena that create space for us to re-

imagine, re-think, and create new ways of being. This book will be useful for undergraduate, postgraduate, and professional degree students, particularly in the fields of gender studies, qualitative methods, and communication theory.

Contemporary Music and Spirituality Sep 12

2021 The flourishing of religious or spiritually-inspired music in the late twentieth and early twenty-first centuries remains largely unexplored. The engagement and tensions between modernism and tradition, and institutionalized religion and spirituality are inherent issues for many composers who have sought to invoke spirituality and Otherness through contemporary music. *Contemporary Music and Spirituality* provides a detailed exploration of the recent and current state of contemporary spiritual music in its religious, musical, cultural and conceptual-philosophical aspects. At the heart of the book are issues that consider the role of secularization, the claims of modernity concerning the status of art, and subjective responses such as faith and experience. The contributors provide a new critical lens through which it is possible to see the music and thought of Cage, Ligeti, Messiaen, Stockhausen as spiritual music. The book surrounds these composers with studies of and by other composers directly associated with the idea of spiritual music (Harvey, Gubaidulina, MacMillan, Pärt, Pott, and Tavener), and others (Adams, Birtwistle, Ton de Leeuw, Ferneyhough, Ustvolskaya, and Vivier) who have created original engagements with the idea of spirituality. *Contemporary Music and Spirituality* is essential reading for humanities scholars and students working in the areas of musicology, music theory, theology, religious studies, philosophy of culture, and the history of twentieth-century

culture.

In the groundbreaking *Sexuality Education: Past, Present, and Future*, the history, practices, and politics of sexuality education are explained. Noting that the need for sexuality education has expanded to adults, from new parents to senior citizens, this unique work also takes readers into classrooms and makes them privy to conversations representing everyone from elementary school students to nursing home residents. These comments reveal the range of unanswered questions about sex—questions that are important for psychological, as well as physical health. In addition, the contributors explore ongoing issues in sexuality education, such as how to present "culturally competent" lessons that include consideration of race, ethnicity, gender,
