Lemon-Aid Used Cars and Trucks 2012-2013 Jun 24 2022 Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

The Nicki Sosebee Stories Box Set 1: Books 1-7 Mar 09 2021 Nicki Sosebee is not your typical romance heroine. She works hard and plays even harder, curses like a sailor, and loves a good time...all to protect her broken heart. Nicki's ready to make a better life for herself—if only she can stay alive long enough to reap the rewards. Follow her adventures in the first seven books of the series. No News is Good News - Nicki's been learning the ropes as a novice investigative reporter. The job's been boring...until now, probably because her small Colorado town seems sleepy. One of Winchester's bad boys has been locked up for arson, but Nicki soon finds there's a whole lot more to the story. Her naïveté gets her in hot water at every turn, but her gorgeous best friend Sean Ramsey, self-employed motorcycle mechanic, helps keep her in check. Nicki's been burning a candle for her cocky, hunky friend, but nothing will come of that unrequited love, even though she's always looking for a second chance. Meaning Sean is also distracting. And Nicki really needs to pay attention so she can write her first headline story...before her name ends up in the obituary section. Bad News Travels Fast - Nicki's got it bad for her best friend Sean, but she doesn't see her unrequited lust for him getting quenched anytime soon, so she buries herself in work. Shortly after interviewing a county commissioner, Nicki discovers that bad news travels fast when the commissioner's office assistant turns up dead. But one guy's bad news jumpstarts Nicki's nose for news, and she relishes the chance to do some investigative reporting. All the News (that's fit to print) - Just as Nicki's love life starts heating up, a sexual predator roaming the streets of Winchester strikes fear in the hearts of the women in town. Nowhere is safe. Nicki investigates...and when she discovers the criminal in a place she least suspects, there's no one who can save her. In the News - When a rash of robberies hits the downtown Winchester area, Nicki begins reporting the damage, hoping to help law enforcement bring the culprit to justice. It's not long before she discovers that there's far more to the story than the petty crimes she's reporting. Spreading the News - Thanks to Sean, Nicki's starting to pay lots more attention to what the politicians around Winchester are doing—and she decides to do something about it. When the City Council draws a line between the haves and have nots, Nicki decides to take a stand, and it won't make her popular around her hometown. Meanwhile, Nicki finds herself in a love triangle and she thinks she knows what she wants...but does she really? Breaking News - Just as Nicki starts to figure out that her beloved town of Winchester maybe isn't so safe or idyllic, she discovers even worse secrets that have been buried and ignored. When the teenage daughter of a Winchester lawyer is kidnapped, Nicki gets a glimpse of the darker elements of her town, leaving her wondering how she can use her position to expose what she's found. Bad News First - Disillusioned, Nicki starts to believe she is nothing but a tiny cog in a big machine, and as she opens her eyes to all that's around her, her life begins to fall apart. For the first time, she sees how deep the corruption goes in Winchester, so she does what she knows best—she reports what she finds, starting with the bad news first. If you like strong, sassy heroines and the hunky, rugged men they pine for in the backdrop of a small town hiding dark secrets, then you'll love the Nicki Sosebee Stories!

Lemon-Aid New Cars and Trucks 2011 Feb 20 2022 As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, fess up."

It Takes a Tribe Mar 21 2022 "Who on earth wants to jump into ice baths and run through fire and wallow in mud on a Sunday afternoon, just for the hell of it?" my professors asked. My gut feeling was--plenty of people. Will Dean, founder of extreme obstacle course Tough Mudder, shares the thrilling inside story of how a scrappy startup grew into a movement whose millions of members feel like co-owners. He shows how other companies can embrace the Tough Mudder playbook by nurturing tribes of passionate fans while constantly experimenting with new risks. After five years as a British counterterrorism officer and two years at Harvard Business School, Dean was determined not to follow his classmates to Wall Street or Silicon Valley. Instead, he pursued his unique vision for an extreme obstacle course—a ten- to twelve-mile gauntlet pushing participants to their limits and helping them surpass those limits together. Instead of cutthroat competition, Tough Mudder would be about continual self-improvement and collective energy. It would be about the power of a tribe. Dean and his small team launched the first Tough Mudder event in May 2010, hosting 5,000 pioneers at a deserted ski resort in Pennsylvania. Just seven years later, more than 3 million people on four continents have participated at least once, and hundreds of thousands have done so repeatedly. More than 20,000 are so committed that they sport a Tough Mudder tattoo. Mudders prove the power of fierce and unshakable loyalty to one another and the challenge itself. Proudly sporting orange headbands and team uniforms, they'll run through mud, climb steep walls, face electric shocks, and slide down the side of a mountain. The tougher the experience, the greater the satisfaction. It Takes a Tribe shows you how to embody the Tough Mudder spirit and capture the same magic. As a Tough Mudder slogan says, "When was the last time you did something for the first time?"
