24: Deadline Jun 03 2020 James Swallow's 24: Deadline. This tie-in novel to Fox's groundbreaking TV show 24 answers the question of what happened to CTU agent Jack Bauer after the thrilling final moments of the last season. The time is 5:00 PM. One hour ago, federal agent Jack Bauer was declared a fugitive. If he wants to survive, he must get out of the country, and he doesn't have much time. With his former colleagues in the Counter Terrorist Unit now dead, under arrest, or shut down, Jack has no resources to call upon, no back-up, and nowhere to go—only his determination can drive him on. One thing remains clear to him: the promise he made to his daughter Kim. Jack vows that he will see Kim one last time to tell her he loves her...before he drops off the radar forever. Meanwhile, a hastily-assembled FBI task force set out to track down and capture Jack, even as a covert operations unit of Russia's SVR set out to do the same—only the remit of the Russians is to kill on sight. As the clock runs down, Jack must face old friends and past enemies in a desperate race to stay one step ahead of the hunters, leaving them with a grim warning— Stay out of my way, and I'll be gone within 24 hours. You'll never see me again. Come after me...and you'll regret it. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Fox Wars Aug 06 2020 This is the saga of the Fox (or Mesquakie) Indians' struggle to maintain their identity in the face of colonial New France during the late seventeenth and early eighteenth centuries. The Foxes occupied central Wisconsin, where for a long time they had warred with the Sioux and, more recently, had opposed the extension of the French firearm-and-fur trade with their

western enemies. Caught between the Sioux anvil and the French hammer, the Foxes enlisted other tribes' support and maintained their independence until the late 1720s. Then the French treacherously offered them peace before launching a campaign of annihilation against them. The Foxes resisted valiantly, but finally were overwhelmed and took sanctuary among the Sac Indians, with whom they are closely associated to this day.

The Yugo Jul 17 2021 Six months after its American introduction in 1985, the Yugo was a punch line; within a year, it was a staple of late-night comedy. By 2000, NPR's Car Talk declared it "the worst car of the millennium." And for most Americans that's where the story begins and ends. Hardly. The short, unhappy life of the car, the men who built it, the men who imported it, and the decade that embraced and discarded it is rollicking and astounding, and one of the greatest untold business-cum-morality tales of the 1980s. Mix one rabid entrepreneur, several thousand "good" communists, a willing U.S. State Department, the shortsighted Detroit auto industry, and improvident bankers, shake vigorously, and you've got *The Yugo: The Rise and Fall of the Worst Car in History*. Brilliantly re-creating the amazing confluence of events that produced the Yugo, Yugoslav expert Jason Vuic uproariously tells the story of the car that became an international joke: The American CEO who happens upon a Yugo right when his company needs to find a new import or go under. A State Department eager to aid Yugoslavia's nonaligned communist government. Zastava Automobiles, which overhauls its factory to produce an American-ready Yugo in six months. And a hole left by Detroit in the cheap subcompact market that creates a race to the bottom that leaves the Yugo . . . at the bottom.

Ender's Game Jul 25 2019 Orson Scott Card's Ender's Game is the winner of the Nebula and Hugo Awards In order to develop a secure defense against a hostile alien race's next attack, government agencies breed child geniuses and train them as soldiers. A brilliant young boy, Andrew "Ender" Wiggin lives with his kind but distant parents, his sadistic brother Peter, and the person he loves more than anyone else, his sister Valentine. Peter and Valentine were candidates for the soldier-training program but didn't make the cut—young Ender is the Wiggin drafted to the orbiting Battle School for rigorous military training. Ender's skills make him a leader in school and respected in the Battle Room, where children play at mock battles in zero gravity. Yet growing up in an artificial community of young soldiers Ender suffers greatly from isolation, rivalry from his peers, pressure from the adult teachers, and an unsettling fear of the alien invaders. His psychological battles include loneliness, fear that he is becoming like the cruel brother he remembers, and fanning the flames of devotion to his beloved sister. Is Ender the general Earth needs? But Ender is not the only result of the genetic experiments. The war with the Buggers has been raging for a hundred years, and the quest for the perfect general has been underway for almost as long. Ender's two older siblings are every bit as unusual as he is, but in very different ways. Between the three of them lie the abilities to remake a world. If, that is, the world survives.
