Bead Jewelry 101 Jan 25 2022 Bead Jewelry 101, now in paperback, is a complete entry-level course for creating beaded jewelry taught through 30 step-by-step projects that demonstrate fundamental methods for stringing and wirework. Have you always wanted to try jewelry making but aren't sure where to begin? Bead Jewelry 101 teaches you everything you need to know to create beautiful jewelry with beads. The Basics walks you through all the tools, materials, and basic construction techniques you'll use for the projects. The Projects are organized by various findings, or jewelry elements, so you'll learn new techniques and build new skills with every piece you make. Beautiful variations will inspire you to create your own designs. Beginners will also find the accompanying online videos that capture the techniques in action an invaluable resource. Written specifically for beginners, the books in the 101 series are complete illustrated guides to the basics of a craft that use projects presented with full-color, step-by-step instructions and photos to teach essential techniques.

Doll's House Jun 25 2019 The master of the house is unwinding with his newspaper, the children are busy in the nursery, a servant cleans the bathroom and the cook is preparing the evening meal. If you take a look around - behind doors and inside drawers - you'll also find that there are lots of hidden treasures stored away. There is something new to find each time you look at it and there are mysteries to solve as you look through the house. The beautiful interior illustration is painstakingly researched so that rooms and the objects in them are authentic for their time. Special Items Include ? Over 150 flaps to open and explore ? 10 press-out characters ? Die-cut house-shaped book

Disney Baby: Look and Learn Library Dec 24 2021 This gorgeous boxed set of 10 delightful picture books includes early learning topics such as the alphabet, numbers, opposites, shapes, and much more. Featuring beautifully designed covers and whimsical illustrations of classic Disney and Pixar characters, this set of books will be a great start to any child's learning journey. The perfect gift for your special little one! **Look, Look!** May 17 2021 Striking and stylish, Look Look! is the ideal first board book for babies just beginning to look and learn and a perfect gift for little hands. Look, look! Children run, fish swim, stars shine . . . all for baby's eyes to see. This sturdy board book, full of high-contrast black-and-white cut-paper art perfect for staring at, is just the thing for the eyes of the youngest babies. A few words in curving red type on each spread describe the scenes—a car races, a cat stretches, flowers bloom—and extend the book's age appeal so that it will be fascinating to older babies, too.

My First Busy Home Let's Look and Learn! Aug 27 2019 My First Busy Home Let's Look and Learn! now in ebook format. Packed with colourful pictures and activities, your toddler will love discovering familiar things from around the home with this ebook. Read them together, they'll love

the playful images - perfect for reading aloud and encouraging early word recognition. Bright, busy pages transport you to different rooms in a house: a playroom, a bedroom, a kitchen, a living room, a bathroom, a garden, a garage and even a shed! Fun-filled questions on every page will help develop early speaking and listening skills. Plus there are pages featuring colourful playhouses, housework activities, numbers, colours, and noises for them to engage with.

Babies Look and Learn Nov 30 2019

The Look and Learn Book Nov 22 2021

In My Garden May 05 2020 Introduces gardens and gardening, including how a seed grows into a plant, how fruits and vegetables form, and what animals and insects also live in a garden.

Animals in the Wild Apr 03 2020 This popular series takes a closer look at the fabulous array of animals in the world around us. Pre-schoolers will love to point out and name all of the animals, both familiar and not so familiar! With simple, clear text and beautifully detailed illustrations, these books are guaranteed to stimulate the imagination and promote early learning skills.

Look and Learn Birds May 29 2022 A simple, fun, fully-illustrated introduction to birds comes packaged with kid-friendly binoculars to encourage kids to explore the natural world around them. The clear, easy-to-follow reference is designed for a young audience with large pictures and minimal text highlighting the most interesting things to notice about the most common birds in North America--ones that kids would easily spot in their own backyard or local park. The book also highlights features and behaviors children can look for when they observe birds up-close (with the binoculars that come in the kit). In addition, the guide suggests fun, educational activities such as making a hummingbird feeder, or homemade bird treats to attract feathered friends. A portable checklist is included to help children identify common birds when they're out birding, and there is a colorful, interactive poster as well. An engaging resource for budding naturalists, this kit will also get kids exciting about experiencing nature up-close.

Dinosaur Friends Jun 05 2020 6 colourful board books, each with 10 inside spreads, as boxed set. Simple concepts for young learners.

Lift, Look and Learn Castle Apr 15 2021 Welcome to Castle de Chevalier, a powerful medieval fortress where Duke Roland, his family, and his knights all live. This die-cut, castle-shaped book takes children inside, walking them through the magnificent hall, comfortable chambers, beautiful chapel . . . and scary dungeon! In addition to press-out jousting characters to play with, there are more than 150 flaps that hide fun surprises.

Butterflies and Caterpillars. Aug 08 2020 When learning is fun it happens automatically. If you can engage children in their learning you will create good habits which will serve them throughout their lives. The Kids Look and Learn Books are written for children aged 7 to 11 to read themselves and for younger children to enjoy with parents. Crammed with beautiful colour pictures, they include recommended vocabulary for this age group, with difficult words broken down to help them read them independently, building knowledge and confidence simultaneously. At the end of the book is a quiz which children will love to complete. *Butterflies and Caterpillars* is a book on the life cycle of the butterfly which contains some astonishing surprises as well as the facts you'd expect to find. Children will simply love this book and so will their parents! Read the reviews and see for yourself!

Look and Learn Insects Oct 29 2019 A simple, fully-illustrated introduction to insects comes packaged with a magnifier jar to encourage kids to explore and better understand the natural world around them. The clear, easy-to-follow reference is designed for a young audience with large pictures and minimal text highlighting the most interesting things to notice about the most common insects in North America--butterflies, beetles, and other fascinating critters easily spotted in backyards or parks. Packaged with a magnifier jar, the book also highlights features and behaviors children can look for if they have the chance to observe an insect up-close. A portable checklist (to help explorers identify the common insects they'll encounter on a walk outside), and an interactive poster complete the package. An exciting resource for budding naturalists, this kit will get children (ages 4 and up) excited about experiencing nature up-close.

National Geographic Readers: Bears Jun 17 2021

Just Look 'n Learn English Picture Dictionary Jan 13 2021 Charming characters and easy-to-understand contextual sentences add up to foreign language dictionaries that children will adore! The Just Look 'n Learn Picture Dictionary series can be used as a way to build the language skills of children ages seven through twelve, or as home reinforcement of school learning for students grades three through six. Each book defines and illustrates more than 1,500 commonly taught words in the language. Accompanied by colorful and fun illustrations, each entry begins with a headword given in English, followed by its translation and example sentences in both languages all to make the meaning of each word perfectly clear. Also, these dictionaries aid learning of numbers, days of the week, directions, and telling time in the

new language. Both adults and children will find that this series makes language learning easy and enjoyable.

Learning How to Learn Sep 08 2020 A surprisingly simple way for students to master any subject--based on one of the world's most popular online courses and the bestselling book *A Mind for Numbers* *A Mind for Numbers* and its wildly popular online companion course "Learning How to Learn" have empowered more than two million learners of all ages from around the world to master subjects that they once struggled with. Fans often wish they'd discovered these learning strategies earlier and ask how they can help their kids master these skills as well. Now in this new book for kids and teens, the authors reveal how to make the most of time spent studying. We all have the tools to learn what might not seem to come naturally to us at first--the secret is to understand how the brain works so we can unlock its power. This book explains: • Why sometimes letting your mind wander is an important part of the learning process • How to avoid "rut think" in order to think outside the box • Why having a poor memory can be a good thing • The value of metaphors in developing understanding • A simple, yet powerful, way to stop procrastinating Filled with illustrations, application questions, and exercises, this book makes learning easy and fun.

Birds Mar 27 2022 "Pictures and information about birds for very young children"--
