Inherit the Wind Jul 29 2022 A classic work of American theatre, based on the Scopes Monkey Trial of 1925, which pitted Clarence Darrow against William Jennings Bryan in defense of a schoolteacher accused of teaching the theory of evolution The accused was a slight, frightened man who had deliberately broken the law. His trial was a Roman circus. The chief gladiators were two great legal giants of the century. Like two bull elephants locked in mortal combat, they bellowed and roared imprecations and abuse. The spectators sat uneasily in the sweltering heat with murder in their hearts, barely able to restrain themselves. At stake was the freedom of every American. One of the most moving and meaningful plays of our generation. Praise for *Inherit the Wind* "A tidal wave of a drama."—New York World-Telegram And Sun "Jerome Lawrence and Robert E. Lee were classic Broadway scribes who knew how to crank out serious plays for thinking Americans. . . . *Inherit the Wind* is a perpetually prescient courtroom battle over the legality of teaching evolution. . . . We're still arguing this case—all the way to the White House."—Chicago Tribune "Powerful . . . a crackling good courtroom play . . . [that] provides two of the juiciest roles in American theater."—Copley News Service "[This] historical drama . . . deserves respect."—The Columbus Dispatch

Clinical Radiation Oncology E-Book Mar 01 2020 Perfect for radiation oncology physicians and residents needing a multidisciplinary, treatment-focused resource, this updated edition continues to provide the latest knowledge in this consistently growing field. Not only will you broaden your understanding of the basic biology of disease processes, you'll also access updated treatment algorithms, information on techniques, and state-of-the-art modalities. The consistent and concise format provides just the right amount of information, making Clinical Radiation Oncology a welcome resource for use by the entire radiation oncology team. Content is templated and divided into three sections -- Scientific Foundations of Radiation Oncology, Techniques and Modalities, and Disease Sites - for quick access to information. Disease Sites chapters summarize the most important issues on the opening page and include a full-color format, liberal use of tables and figures, a closing

section with a discussion of controversies and problems, and a treatment algorithm that reflects the treatment approach of the authors. Chapters have been edited for scientific accuracy, organization, format, and adequacy of outcome data (such as disease control, survival, and treatment tolerance). Allows you to examine the therapeutic management of specific disease sites based on single-modality and combined-modality approaches. Features an emphasis on providing workup and treatment algorithms for each major disease process, as well as the coverage of molecular biology and its relevance to individual diseases. Two new chapters provide an increased emphasis on stereotactic radiosurgery (SRS) and stereotactic body irradiation (SBRT). New Associate Editor, Dr. Andrea Ng, offers her unique perspectives to the Lymphoma and Hematologic Malignancies section. Key Points are summarized at the beginning of each disease-site chapter, mirroring the template headings and highlighting essential information and outcomes. Treatment algorithms and techniques, together with discussions of controversies and problems, reflect the treatment approaches employed by the authors. Disease Site Overviews allow each section editor to give a unique perspective on important issues, while online updates to Disease Site chapters ensure your knowledge is current. Disease Site chapters feature updated information on disease management and outcomes. Thirty all-new anatomy drawings increase your visual understanding. Medicine eBook is accessible on a variety of devices.

A Raisin in the Sun Apr 25 2022 "Come to A Raisin in the Sun as you would to any classic. It speaks to us today as it did almost half a century ago." Bonnie Greer In south side Chicago, Walter Lee, a Black chauffeur, dreams of a better life, and hopes to use his father's life insurance money to open a liquor store. His mother, who rejects the liquor business, uses some of the money to secure a proper house for the family. Mr Lindner, a representative of the all-white neighbourhood, tries to buy them out. Walter sinks the rest of the money into his business scheme, only to have it stolen by one of his partners. In despair Walter contacts Lindner, and almost begs to buy them out, but with the help of his wife, Walter finally finds a way to assert his dignity. A Raisin in the Sun was the first play written by a Black woman to be produced on Broadway and won the New York Drama Critics Circle Award. Hansberry was the youngest and the first Black writer to receive this award. Deeply committed to the Black struggle for equality and human rights, Lorraine Hansberry's brilliant career as a writer was cut short by her death when she was only 34. This new, updated edition in Methuen Drama's Modern Classics series includes the full, definitive text and a brand new introduction by Soyica Colbert.
