*Hounds of the Baskervilles. from Demon Dogs to Sherlock Holmes: The True Story of the Beast!* Jan 04 2021 PICKS UP WHERE SHERLOCK HOLMES' LEFT OFF. . . DEVIL HOUNDS. DEMON DOGS. PHANTOM CANINES FROM HELL. THEY DO EXIST! One nearly scared to death eyewitness proclaimed after the beast loomed in front of him: "It was the biggest bloody 'dog' I have ever seen in my life!" Legends of black dogs and phantom hounds are widespread throughout the United Kingdom as well as in the United States. Though presented in novelized form, Sherlock Holmes creator Sir Arthur Conan Doyle based his most popular detective thriller on true accounts of a mysterious black beast with blazing red eyes

who is said to have attacked those crossing the moors. Some were lucky to have gotten away with their lives. Perhaps there are others who disappeared and their bodies were not accounted for. Who can say for certain? In addition to presenting the number one classic detective thriller of all time in its unabridged, fully illustrated, form, this work goes way beyond the boundaries of fiction into the realm of the supernatural. Today's top paranormal researcher's delve into stories of the bloody beast who comes in various sizes and apparently even has the ability to shape shift into a more hideous creature when cornered. As England's leading cryptozoologist, Nick Redfern, points out, "There is one important factor to remember: Conan Doyle did not invent Britain's phantom, fiery-eyed hounds. He merely brought them to the attention of the public in spectacularly entertaining style. In reality, the creature had been prowling around the British countryside for centuries; and particularly so Dartmoor - the fictional home of the world's most famous hound of horror in all its awful glory." According to Redfern the same area the imaginary Sherlock Holmes conducted his investigation around, is also, in reality, rife with ancient tales and legends of a group of diabolical and unholy creatures known as the Wisht Hounds - fearsome devil-dogs with glowing eyes and large fangs. "They are said to have a taste for both human flesh and human souls, and ride with the Devil himself, as he crosses the windswept wilds of Dartmoor late at night - and atop a headless, black horse, no less." According to legend, the Wisht Hounds inhabit the nearby Wistman's Woods - a sacred grove where, in centuries past, ancient druids held pagan rituals in honor of a veritable multitude of old Earth gods and goddesses. Here are dozens of accounts of devilish, gruesome, repugnant "monsters" - some of whom stand eight feet tall - who are said to be Satan's watch dogs protecting the portals to another dimension or realm where no mortal should be made to tread!

*The Curious Incident of the Dog in the Night-Time* Jan 24 2020 NATIONAL BESTSELLER • A modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. "Disorienting and reorienting the reader to devastating effect.... Suspenseful and harrowing." —The New York Times Book Review Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

In 1950 a couple of rhythm and blues loving teenagers named Jerry Leiber and Mike Stoller met for the first time. Leiber was looking for someone to help compose music for lyrics he'd written, and a friend recommended a Piano player named Mike Stoller. They discovered their mutual affection for R&B, and, as Jerry and Mike put it in this fascinating autobiography, it was the beginning of an argument that has been going on for more than fifty years with no resolution in sight. With the assistance of David Ritz, they describe what it was like when Elvis was a fresh new face and when two young guys with tons of talent and an insatiable love of good old American R&B could create the soundtrack for a generation - and have a great time doing it. Jerry Leiber was born in Baltimore, Maryland on April 25th 1933, and Mike Stoller was born in Queens, New York on March 13th

1933. They first met in Los Angeles in 1950, moved to New York in 1957 and returned to L.A. in 1989, where they both still reside. They were inducted into the Songwriters Hall of Fame in 1985 and the Rock and Roll Hall of Fame in 1987.
