Spencer "Responsible" Davis is

nowhere ready to "give up the V," as opposed to her hormonally crazed crew of friends, obsessed with the who-what-when-where-how of it all. "It" being . . . well, you get it. Even Spencer's male friends, who claim to have expertise in the matter, offer their services to help relieve her of that pesky letter, much to her embarrassment. But when new-kid Benjamin enters the picture, Spencer begins to

Thumbs up "V" for Victory, I Love You Aug 30 2022

Thumbs Up, V for Victory, I Love You chronicles a special time, from the early 1940s through the mid-50s. It reveals how people moved forward in a world in tumult, and the payoff they received having survived it. Its about a handful of kids who because they were in the right place at the right time were provided an education well above the norms of the day. It reflects the melodrama that is real life, when young

and old lived each day to the fullest while making the most of what they had. Its an oral history that tells how the wonders of discovery, communication, education and the opposite sex changed an impressionable boy into a determined young man. A period that has not been afforded the coverage it deserves, Thumbs Up, V for Victory, I Love You reveals a softer time, but one no less significant or singular than any other.

A Conceptual Exploration of Polysemy: A Case Study of [V] - [UP] and [V] - [SHANG] Sep 30 2022 Tato studie zkoumá vzájemnou souhru polysémie, kontextu, pojmu a konstruování, přičemž pro

ilustraci využívá konstrukční schéma [V] - [UP] (angličtina) a [V] - [SHANG] (čínština). Kromě této kognitivně sémantické analýzy se kniha zabývá též dvěma hlavními východisky kognitivní lingvistiky. Na jednu stranu jde o přesvědčení, že význam do značné míry závisí na archetypálním pojmání, což odráží základní kognitivní dispozice člověka. Současně je však subjektivita vnímána jako klíčový prvek při studiu lexikální sémantiky, a to nejen v tom ohledu, že role konceptualizujícího subjektu (tj. mluvčího) je výchozí při každém užití jazyka, ale také s ohledem na nezbytnost subjektivního mentálního „scanningu“ v porozumění výrazně utlumeným lexikálním významům.
