Redescribing God Oct 04 2020 Despite the voluminous and ever-growing scholarly literature on Karl Barth, penetrating accounts of his theological method are lacking. In an attempt to fill this lacuna, Todd Pokrifka provides an analysis of Barth's theological method as it appears in his treatment of three divine perfections--unity, constancy, and eternity--in Church Dogmatics, II/1, chapter VI. In order to discern the method by which Barth reaches his doctrinal conclusions, Pokrifka examines the respective roles of Scripture, tradition, and reason--the "threefold cord"--in this portion of the Church Dogmatics. In doing so he finds that for Barth Scripture functions as the authoritative source and basis for theological critique and construction, and tradition and reason are functionally subordinate to Scripture. Yet Barth employs a predominantly indirect way of relating

Scripture and theological proposals, a way in which tradition and reason play important "mediatory" roles. Barth's approach to theology involves the humble yet serious attempt to "re-describe God," that is, to say again on a human level what God has already said in the divine self-revelation attested in Scripture. Redescribing God features an original conceptual framework for the analysis of Barth's method and an extensive application of that framework in the context of close readings of portions of the Church Dogmatics. Through this process it draws from, critiques, and complements a wide variety of Barth scholarship on topics such as the role of Scripture and theological exegesis in Barth, the role of tradition in Barth, the meaning and role of "reason" in Barth, and the nature of Barth's doctrine of divine perfections. The book also provides a fruitful basis for those who wish to learn from Barth's distinctive way of constructing the Christian doctrine of God as an attempt to obey God's self-revelation.

The Ministry, Vol. 11, No. 04 Feb 08 2021 This issue of The Ministry presents the first eight messages given during the 2005 fall term of the full-time training in Anaheim, California. The general subject of this series of messages is entitled "The Overcoming Life as Portrayed in Song of Songs." This general subject is based upon an intrinsic revelation in the Scriptures related to our overcoming and our love relationship with the Lord. This is demonstrated in Romans 8:37--the "theme verse" of this entire series of messages, which says, "In all these things we more than conquer through Him who loved us." The Greek word translated "more than conquer" is *hypernikao*, which literally means "super-overcome" or "more than overcome." Hence, we more than overcome through Him who loved us. According to this verse, the ones who are really loved by God become super-overcomers, more than conquerors. There is a deep, sweet, rich, essential, intrinsic, organic, and experiential connection between love and overcoming. In Song of Songs the lover of Christ overcomes in four stages: in the first stage (1:2--2:7) she overcomes the attraction of the world by being captivated by Christ; in the second stage (2:8--3:5) she overcomes the self, which secludes her from the presence of Christ, by becoming one with the cross of Christ; in the third stage (3:6--5:1) she overcomes the old creation (the physical things) by living in the ascension of Christ in resurrection after her self has been dealt with by the cross; and in the fourth stage (5:2--6:13) she overcomes the flesh, the natural man, the old man, by living within the veil, requiring a deeper experience of the cross. Last of all, we present a concluding set of testimonies from some who participated in the recent gospel move in the Russian-speaking world.

Advancing along the way of progress for mind, soul and heart... Making sense of the

world in which we exist... Obtaining an awareness that is more amazing than ever before... Understanding the working mechanisms of the divine technology... A Wonderful Mental journey... Amazing Facts... All These and Even More are Waiting for You! Come With Us for This Extraordinary Journey of Discovery! Let's Get Acquainted With the Books Discovering the Secret of the Universe! This book is penned down in order to introduce you a piece of work, that is so unbelievably and astonishingly perfect that it will surprise you with the high truths and grand scientific discoveries contained therein and will make some of you say "How come I have never heard of it until now!" (Or could not really discover it). The main subject of study of these books is the following: To give correct answers to three basic questions of existence, which have remained as the unknown secrets of the universe that have been always wondered by the humanity. The discovery of the right answers in these areas has been possible not only with the use of the mind/intellect which is incapable of reaching to the truth on its own but rather with the common guidance of divine revelation and the mind. Nevertheless, the answers to the questions that were asked have been discovered solely with rational inferences and logical evidences. These three questions are: "Where did this universe and those within it come from? Where will they go? And Why are they here, what is their mission? That is to ask "What are we doing here?" High truths, which the whole humanity needs and which are appealing to all those who look for the explanation of the basic reality of existence and which is more interesting for the world of science and the scientists and which is brought by divine revelation, are discovered once again and proved with rational methods in these works. Especially today, while quantum physics, astronomy and astrophysics have reached to such advanced levels, common answers are looked for these three questions on matter, universe and human being; the science and these works study the same subjects and share a common ground of work. Here you are: The work, which contains in itself a spiritual/immaterial treasury for people who have an irresistible interest and passion for science and learning, is called RISALE-I NUR (TREATISE OF LIGHT). The content of the book is composed of 19 basic epistles selected from the Collection of Risale-i Nur. Some selected parts related to the subject from 23rd Word Epistle of Nature, Epistle of Resurrection, first eight Words and some other epistles are included in our book. The main texts from Risale-i Nur are placed in the beginning, the words and concepts are explained in the footnotes and the explanatory texts are provided afterwards. In addition, occasionally, as the need arises, explanatory texts are included within the text of the book in the form of an intermediary note. The first part of our book, which consists of two main sections is entitled as "Discovering the Value of the Treasure of Faith." In this section, the following is presented: the meaning and the importance of the faith and worship, which are proposed by the Religion to the man; how the hidden secret of the universe is solved by the religion; the beauty of faith and how the true value of man comes to light with faith, and the levels of Qur'an and philosophy in terms of understanding the Secret of the Universe. Finally, we are trying to look closely at the great good news and the remedy for death brought by the religion through prophets and we are looking for the answer to this question: "What are the characteristics of true faith that will enable us to earn the eternal life?" We can regard this first part as the understanding of how great and precious a treasure is. The second part of the book is entitled as " Proving the Existence of the Treasure of Faith with Evidences". In this section, six pillars of faith are proved with detailed evidences. In other words, in the second section, the existence of the treasure sought to be achieved, whose value is understood/appreciated in the first section, is proved; its place is discovered, and this great and magnificent treasure is acquired. Primarily understanding that faith is such a great blessing and a treasure with a great value would determine the importance that we would give to that treasure and its evidences. Nevertheless, you will also observe that in the first part, a serious effort has also been made to search for the truth and evidences. Once you complete the book, you will have completed an important reading that could be considered as a brief summary of the Risale-i Nur collection and taken a serious step in studying the high knowledge of faith that is taught by these works. In "The Journeys of Discovery Risale-i Nur Training Program", you are invited for an adventure of looking for and finding out the truth. We have a very strong reason to begin this journey: to witness the magnificent details of the divine

technology and uniqueness of the artful creation and hence, to take a big step on the way of achieving the true faith that was demanded from us by Allah. We would like you to accompany us in this imaginary and mental journey of discovery. There is only one fixed price for a ticket of the Journey: A strong sense of wonder in the search for truth. Jeanne Guyon's Mystical Perfection through Eucharistic Suffering Apr 10 2021 Madame Jeanne Guyon (1648-1717), a woman of great wisdom and worship, was filled with the richness of God's grace as she endured hardships and abuse in her married life. Blessed with children and great earthly wealth, she suffered physically, mentally, emotionally, and spiritually at the hands of her spiritual leaders, imprisoned unjustly for her simple yet solid faith in Christ, her Divine Confidant. Trusting in her Lord, she expressed her insights in commentaries concerning the Scriptures, seeing in them the mysteries of the holy Eucharist, the sacrificial presence of her merciful Savior. Through her intercession, we are inspired to adore the Lord, uniting our suffering to his as she did.
