On a Red Station, Drifting Dec 23 2019
Sporting Chance Mar 18 2022 When a treacherous superior officer forced Heris Serrano to resign her commission in the Regular Space Service, she thought she would simply be marking time captaining a rich lady's interstellar yacht. But things seem to happen when Heris is around. During Lady Cecelia's most recent pleasure cruise, Heris exposed a sinister 'hunting club' which used humans as prey, and in the process rescued some former Fleet friends and colleagues betrayed by the same senior officer who engineered her own resignation from Fleet. All well and good, but one of the hunters

had been none other than Cecelia's nephew Prince Gerel - first in line to the throne. In an attempt to avoid a royal scandal, Lady Cecelia volunteers herself and her yacht to take the Prince home. Cecelia remembers her nephew as a rather bright young man. So what possessed him to become involved with the 'hunting club'? As the voyage proceeds, and the Prince becomes less and less like himself, Cecelia begins to suspect foul play. Someone is poisoning the heir to the throne, and once again Heris's skills are called upon to solve the deadly mystery.

Limits of Power Dec 15 2021 Elizabeth Moon is back with the fourth adventure in her bestselling fantasy epic. Moon brilliantly weaves a colorful tapestry of action, betrayal, love, and magic set in a richly imagined world that stands alongside those of such fantasy masters as George R. R. Martin and Robin Hobb. The unthinkable has

occurred in the kingdom of Lyonya. The queen of the Elves—known as the Lady—is dead, murdered by former elves twisted by dark powers. Now the Lady’s half-elven grandson must heal the mistrust between elf and human before their enemies strike again. Yet as he struggles to make ready for an attack, an even greater threat looms across the Eight Kingdoms. Throughout the north, magic is reappearing after centuries of absence, emerging without warning in family after family—rich and poor alike. In some areas, the religious strictures against magery remain in place, and fanatical followers are stamping out magery by killing whoever displays the merest sign of it—even children. And as unrest spreads, one very determined traitor works to undo any effort at peace—no matter how many lives it costs. With the future hanging in the balance, it is only the dedication of a few resolute heroes who can turn the tides . . . if they can survive. BONUS: This edition includes an excerpt from Elizabeth

Moon's Crown of Renewal. Praise for Limits of Power “It’s easy to become fully immersed in, and absorbed by, the narrative: [Moon’s] great strength lies in the patient accumulation of telling detail, yielding an extraordinarily rich picture of the world’s politics, philosophy, military structure, history, magic and alien cultures, where men and women stand as equals even in force of arms.”—Kirkus Reviews “Thoughtful and deeply character driven, full of personal crises as heartbreaking and hopeful as any dramatic invasion . . . Moon deftly avoids big literary explosions, preferring instead a slow boil that builds pressure without relief. There are plots within plots, but the complex story is never confusing. Fantasy fans will be delighted by this impressive foray.”—Publishers Weekly (starred review) Praise for Elizabeth Moon “This is an excellent series, and Echoes of Betrayal is particularly well done. [Elizabeth Moon is a] consistently entertaining writer, and this book lives up to her standards.”—San Jose Mercury

News “Moon’s characters navigate an intricate maze of alliances and rivalries. . . . Close attention to military detail gives the action convincing intensity.”—The Star-Ledger, on Kings of the North “A triumphant return to the fantasy world she created . . . No one writes fantasy quite like Moon.”—The Miami Herald, on Oath of Fealty

Offering Flowers, Feeding Skulls Jul 30 2020

The Indian state of West Bengal is home to one of the world's most vibrant traditions of goddess worship. The year's biggest holidays are devoted to the goddesses Durga and Kali, with lavish rituals, decorated statues, fireworks, and parades. In *Offering Flowers, Feeding Skulls*, June McDaniel provides a broad, accessibly written overview of Bengali goddess worship. McDaniel identifies three major forms of goddess worship, and examines each through its myths, folklore, songs, rituals, sacred texts, and practitioners. In the folk/tribal strand, which is found in rural areas, local tribal goddesses are

worshipped alongside Hindu goddesses, with an emphasis on possession, healing, and animism. The tantric/yogic strand focuses on ritual, meditation, and visualization as ways of experiencing the power of the goddess directly. The devotional or bhakti strand, which is the most popular form, involves the intense love and worship of a particular form of the goddess. McDaniel traces these strands through Bengali culture and explores how they are interwoven with each other as well as with other forms of Hinduism. She also discusses how these practices have been reinterpreted in the West, where goddess worship has gained the values of sexual freedom and psychological healing, but lost its emphases on devotion and asceticism. *Offering Flowers, Feeding Skulls* takes the reader inside the lives of practicing Shaktas, including holy women, hymn singers, philosophers, visionaries, gurus, ascetics, healers, musicians, and businessmen, and offers vivid descriptions of their rituals, practices, and

daily lives. Drawing on years of fieldwork and extensive research, McDaniel paints a rich, expansive portrait of this fascinating religious tradition.

Discordia Jun 16 2019 In this explosive final book of the action-packed trilogy, The Kaisers are on the run from the planetary leaders who seek to bury the knowledge of the alien artifacts that could save the star system—or destroy it. Scorpia is finally back among the stars, far away from the memories of the war she and her family started—and ended—on Nibiru. Her first order as captain of the Memoria is to keep her crew safe, and she is all too happy not to get involved in dangerous political games for once. Corvus is haunted by what he experienced at the hands of the Titan attack, and he's just as eager for a new beginning. He knows that not all Titans are built for war, and that the system can find peace, even as Deva and Pax begin to rattle their sabers. Though the Kaisers may be responsible for diverting a multi-planet war, the planetary

leaders are wary of the knowledge they hold. Better to lock them up and keep their dark secrets hidden. But the Kaisers are the only ones who know the truth about the threat of the ancient world-ending alien weapons rooted in each planet—and they may be the only ones who can save the system from total annihilation.

Journey to the Bottomless Pit Jan 24 2020 "A fascinating story." —LeVar Burton The thrilling adventures of a slave who became known worldwide for his explorations of Mammoth Cave. If you toured Mammoth Cave in Kentucky in the year 1838, you would have been led by candlelight through dark, winding tunnels to the edge of a terrifying bottomless pit. Your guide would have been seventeen-year-old Stephen Bishop, an African American slave who became known around the world for his knowledge of Mammoth Cave. Bishop needed bravery, intelligence, and curiosity to explore the vast cavern. Using only a lantern, rope, and other basic caving equipment, he found a way to cross

the bottomless pit and discover many more miles of incredible grottoes and tunnels. For the rest of his life he guided visitors through the cave, showing them how to stoop, bend, and crawl through passageways that were sometimes far from the traditional tour route. Based on the narratives of those who toured the cave with him, *Journey to the Bottomless Pit* is the first book for young readers ever written about Stephen Bishop.
