Safety for Stalking Victims Aug 13 2021 Stalking is a serious crime that disproportionately affects and endangers women. The National Institute of Justice says one in every 12 women and one in every 20 men will be stalked in their lifetimes. Some stalkers make

phone calls, send messages, or deliver "gifts." Some follow their victims home, vandalize property, make threats, or kill pets. Some stalkers even attempt rape, kidnapping, or murder. And some succeed. Being the target of an obsessed person is a frightening experience. But it isn't necessary to live in fear. Learning how to live safely is

the key. Topics include: Who stalks, who is stalked, and why Evaluating the seriousness of the situation Replacing terror with sensible precautions Restraining orders good or bad? Disappearing why, when and how Protecting your children Self-defense what works, what doesn't Safety on a budget Maintaining your privacy Strategies that don't work

Helpful web sites and organizations Using scenarios based on real stalking cases, this book overflows with detailed, practical strategies to put you in control of your situation, and let you break the cycle of terror. Mistakes by the legal system, employers, or even family members can make the situation worse. If you work with stalking victims, or are concerned about one, you need this information, too.

**Principles of Behavioral Economics** Mar 08 2021 This book is unique among modern contributions to behavioral economics in presenting a grand synthesis between the kind of behavioral economics popularized by Richard Thaler, earlier approaches such as those of the 1978 Nobel Laureate Herbert Simon, evolutionary psychology, and evolutionary economics from Veblen and Marshall through to neo-Schumpeterian thinking. The synthesis employs a complex adaptive systems approach to how people think, the lifestyles they build, and how new production technologies and products are gradually adopted and produce changes. Using a huge range of examples, it takes behavioral economics from its recent focus on 'nudging' consumers, to the behavior of firms and other organizations, the challenges of achieving structural change and transitioning to environmentally sustainable lifestyles, and instability of the financial system. This book will be of great interest to academics and graduate students who seek a broader

view of what behavioral economics is and what it might become.

**Cleaning** Feb 25 2020 Covers cleaning and repairing various surfaces, caring for textiles, cleaning large appliances, cleaning swimming pools, dealing with the aftermath of disaster, and household pest proofing.

**The Girl Whose Luck Ran Out** May 22 2022 PI Ben wouldn't usually need backup tracking down a missing girl, but something about this case bugs him. For better or for worse, the universe has saddled him with a partner in the form of his sick ex-boyfriend. But that's one more person for Ben to keep safe....

Off Your Rocker Oct 15 2021 Author Noni Gove began to travel at the age of fifty-one, a backpacking trip for six months, taking in eighteen countries from the United Kingdom, to Europe, to Scandinavia, and Asia. It was her first real adventure, but it wasn't her last. In *Off Your Rocker*, she couples her

descriptions of her wide array of traveling experiences with advice to help others plan and take their own memorable trips. Now in her mid-seventies, Noni continues to travel the world, loving to get off the beaten track and learning about unfamiliar ways of life, culture, traditions, and religions. Having now visited nearly seventy countries, she enjoys riding camels and horses, bikes and Segways, kayaks and paddle boards. *Off Your Rocker* shares a host of her traveling tips: What to do if you are new to traveling What to take and what to leave behind How to prepare for traveling Questions to ask when going anywhere How to leave your comfort zone How to save for and afford a trip Although this advice is geared toward encouraging mature travelers to get off their rocker and take an adventure, Noni's narratives and tips from her personal experiences serve explorers of all ages.

**Writer's Secret Weapon** Apr 21 2022 At some point all of us find ourselves staring at a page, needing some idea sparker to help us move forward. Maybe it's an unusual pet's name, or a career in a particular field, or the right type of weapon for a scene. Maybe you're struggling with finding the right character goal or motivation, ideas for adding in the five senses, or your character's physical description. Along with useful tips for all fiction writers, you'll find lists of quick ideas for story components to keep you going throughout the process—whether you're just

starting your outline, putting together the character biographies, in the middle of your novel, trying to meet a deadline, or stuck with writer's block. **Writer's Secret Weapon** presents quick ideas to get you going in a number of areas. While we all know how to Google, it's harder to come by fast and easy rules. This guide saves you hours of searching, especially when you don't know where to start. Discover the kind of information new and veteran authors need at every stage of their career! -- "The Writer's Secret Weapon is a one-stop shop for brainstorming, story planning, or simply sparking creativity. Tons of plot, character, scene, and story arc writing prompts packed into one space! Sure to get you started on a novel or unstuck from the middle of one." - NY Times bestselling author Jennifer Ashley

**Springer Handbook of Robotics** Jul 24 2022 With the science of robotics undergoing a major transformation just now, Springer's new, authoritative handbook on the subject couldn't have come at a better time. Having broken free from its origins in industry, robotics has been rapidly expanding into the challenging terrain of unstructured environments. Unlike other handbooks that focus on industrial applications, the Springer Handbook of Robotics incorporates these new developments. Just like all Springer Handbooks, it is utterly comprehensive, edited by internationally renowned experts, and replete with contributions from leading

researchers from around the world. The handbook is an ideal resource for robotics experts but also for people new to this expanding field.

**Green Day - American Idiots & The New Punk Explosion** Jul 12 2021 The Green Day story is very blunt: three school friends grow up together in a cluster of small blue-collar Californian towns, form a band ... and sell more than fifty million albums. Except it wasn't that simple. Self-confessed latch-key children, theirs is far from an easy ride. Inspired by both the energy of British punk bands like the Sex Pistols and Buzzcocks and cult American bands such as Dead Kennedys and Operation Ivy, Green Day formed in 1989 when all three members were still at school. Against a backdrop of dodgy glam rock revivalists and mainstream rock-pop, the trio were quickly selling out every underground club that booked them. They toured - constantly. Word spread, fast. Their 1994 major label debut Dookie was a 10-million-selling worldwide smash hit that seized the zeitgeist at a time when American rock music was still

reeling from the death of Nirvana's frontman Kurt Cobain. With the arrival of Green Day, suddenly music was dumb, fun, upbeat and colourful again. Many now credit Green Day with saving rock from the hands of a hundred grunge-lite bands. Punk was back on the agenda. In 2004 Green Day reached a career pinnacle with the concept album American Idiot, a sophisticated commentary on modern life - not least dissatisfaction with their president and America's continued cultural and economical imperialism. With American Idiot, Green Day boldly went where few others have dared and as such have extended their fanbase even further - from pre-teen kids to previously sceptical critics. This book is the world's first full biography on Green Day. An authority on punk and hardcore, author Ben Myers charts the band members' difficult childhoods, the context of the band within the US and world punk scene and their glittering rise to success. The author has also interviewed the band for various magazines at different stages of their career, including in the midst of a riot in Los Angeles during the making of 2000's Warning album. Green Day is the biggest punk band in the world. This is how it happened... Unofficial and unauthorised

**Indianapolis Monthly** Mar 20 2022 Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. Through coverage of politics,

crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape.

[Palm Springs Noir](#) Jun 11 2021

Palm Springs now joins Los Angeles, San Diego, Orange County, San Francisco, Oakland, and Berkeley in California's Noir Series arena. "An appealing anthology of 14 stories about life and crime in the Mojave Desert's playground to the stars." --MysteryScene Magazine "As editor DeMarco-Barrett points out, it's hard to think 'noir' in a landscape that offers 300 days of sunshine a year. But unrelenting heat and light can do funny things to your brain...An engaging mix of the good, the bad, and the off-kilter." --Kirkus Reviews

Included in Publishers Weekly's Adult 2021 Announcements (Mysteries & Thrillers) Akashic Books continues its award-winning series of original noir anthologies, launched in 2004 with Brooklyn Noir. Each book comprises all new stories, each one set in a distinct location within the geographic area of the book. Palm Springs Noir features brand-new stories by: T. Jefferson Parker, Janet Fitch, Eric Beetner, Kelly Shire, Tod Goldberg, Michael Craft,

Barbara DeMarco-Barrett, Rob Roberge, J.D. Horn, Eduardo Santiago, Rob Bowman, Chris J. Bahnsen, Ken Layne, and Alex Espinoza. From the introduction: The best noir writers make us feel the heat of the sun, the touch of a lover. Setting can be gritty but can also be sublime, no longer relegated to urban locales and seedy hotel rooms but also mansions and swimming pools. Hence, Palm Springs, which may seem like an odd setting for a collection of dark short stories--it's so sunny and bright here. The quality of light is unlike anywhere else, and with an average of three hundred sunny days a year, what could go wrong?... The stories in this collection come on like the wicked dust storms common to the area. More than half are by writers who live here full-time; all have homes in Southern California. They know this place in ways visitors and outsiders never will. These are not stories you'll read in the glossy coffee-table books that feature Palm Springs's good life. There is indeed a lush life to be found here, but for the characters in these stories, it's often just out of reach.

[Pool School](#) Aug 21 2019

Trouble Free Pool's mission is to develop and promote a simple, inexpensive, and effective system of pool care, TFPC. Pool School is a collection of concise, easy to understand articles designed to teach the average pool owner these methods. The articles have been carefully written and arranged to take you through a natural progression of pool care topics. The articles are

broken down by category and arranged so that the basic topics are covered first, building into each subsequent topic so that regardless of your level of experience you will benefit from every word.

**The Cleaning Crew** Sep 21 2019 Matt and Jeremy are two successful businessmen in their sixties wondering what to do with the rest of their lives. They decide to do something grand and to recruit enough people like themselves, successful, rich, and experienced in life, to form a political group. The group would campaign against corruption and win both the legislature and the management positions in Massachusetts, from governor to district attorney, then accomplish nine specified goals, leaving the state in good shape four years later. Then each can retire having accomplished the fantastic goal of cleaning up and restoring the ship of state. Taking on an impossible task, much like Don Quixote taking on the windmills, the group comes together, calls itself the cleaning crew, and carries out an exciting, offbeat and eyebrow-raising campaign culminating in what will become known as the Century Vote. With humor and the absence of the political corruption and infighting of the self-interested political class, Matt, Jeremy and others gather ever-increasing numbers of disaffected voters even as political intrigue, government abuse of power, vote-changing, litigation, and even murder are thrown in their path.

*A Family Affair* Oct 23 2019 Life's biggest dilemmas can provide its sweetest rewards Anna McNichol knows how to take charge. Raised by a single mother, she's worked to ensure her three children have every advantage she didn't. And while her marriage has its problems, she values commitment and believes in "till death do us part." Now an empty nester, she's at the peak of her career and ready to seize the opportunity to focus on her future. But life can change in an instant, and when her husband dies suddenly, Anna's carefully constructed world falls apart. The mysterious young woman at the memorial service confirms her husband had been keeping secrets, and Anna is determined to get to the truth. For once, she doesn't have the answers. Her kids are struggling with their grief, her mother's health is in decline and Anna needs closure. Faced with one challenge after another, she finds support from an unexpected source. And as she puts her life back together, Anna realizes the McNichols may not be perfect but they'll always be family, and family is forever.

**The Complete Pool Manual for Homeowners & Professionals** Feb 19 2022

Dan Hardy has used every available resource in his 20-year career as a pool professional to add to his store of knowledge about making and keeping water safe. An untiring and dedicated 'Pool Doctor', he has become the 'go to' man for owners of some of the world's largest, most

ornate, and expensive private swimming pools -- including that of award-winning actor Mr John Travolta and his wife, Kelly Preston. Dan started working on pools as a boy in his dad's firm. Not content with doing routine maintenance, he began learning all he could about chemicals, mechanics, and safety. In this book he may just be a lifesaver to pool owners who want to save money on maintenance but need to know how to handle poisons safely. Pool maintenance business owners will want to have this book on hand as an easy guide to repairing filtration and pumps and dealing with serious pool problems. And anyone who wishes to have such a career could have no better mentor than Dan Hardy.
