Elements of Differential Geometry Dec 17 2021 This text is intended for an advanced undergraduate (having taken linear algebra and multivariable calculus). It provides the necessary background for a more abstract course in differential geometry. The inclusion of diagrams is done without sacrificing the rigor of the material. For all readers interested in differential geometry.

**Cowboy & Wills** Jul 24 2022 Christened “charming” and “winning” by the Washington Post and “touching” by Publishers Weekly, celebrated author Monica Holloway’s deeply moving memoir shares the unforgettable story of an extraordinary little boy and the irresistible puppy who transformed his life. The day Monica Holloway learns that her lovable, brilliant three-year-old son has autism spectrum disorder, she takes him to buy an aquarium. But what Wills really wants is a puppy, and from the moment Cowboy Carol Lawrence, an overeager and affectionate golden retriever, joins the family, Monica watches as her cautious son steps a little farther into the world. With his new “sister” Cowboy by his side, Wills finds the courage to invite kids over for playdates, conquer his debilitating fear of water, and finally sleep in his own bed with the puppy’s paws draped across his small chest. And when Cowboy turns out to need her new family as much as they need her, they discover just how much she has taught them about devotion, loyalty, and never giving up. Sometimes it’s what you don’t know to hope for that saves you. For Monica and Wills, salvation came in the form of a puppy with pale blond fur, chocolate brown eyes, a fondness for chewing the crotch out of underpants, and a limitless capacity for love.

*The Cat and the Pain-Killer* Aug 25 2022
